

Dear XYZ,

It is safe to say that we have all been touched by music at some point in our lives. Music is everywhere! Playing in the background at the supermarket or in an elevator. On the radio when we get in the car each day. In the background of your favorite TV programs or movies, it's everywhere! Because of this music has been a very important part of life for humans for thousands of years. It's more than just sounds, it changes the way we think and act. For the students in the Fort Zumwalt South Band Program it is an outlet for them to learn a new skill, make new friends, and perhaps even find a lifelong passion! Which is really why you are getting this letter.

The Zumwalt South Band Parent Association is looking for sponsors to help fund our mission to provide the highest level of musical opportunities to participating band students. We are a volunteer parent organization and 100% of funds raised go directly to help support the band program. It's because of individuals and organizations like your's, that the high school band program is what it is today. The funds raised go to purchase new instruments, repair instruments, helps fund competitions, purchase music, and pay for clinicians.

The Fort Zumwalt South Band Parent Association is operated exclusively for charitable and education purposes within section 501(c)(3) of the Internal Revenue Code, maintaining tax exempt status.

Collaboration with the Fort Zumwalt South Band Parent Association is a unique opportunity to enrich the lives of young musicians. Your support and generosity can inspire and motivate others to participate as well.

Best Regards,

Fort Zumwalt South BPA
