

My name is Chrissy Garris and I am the Art Specialist at Bennet Elementary School. This is my 9th year of teaching. I began my teaching career at Lincoln Public Schools, where I taught at the elementary and secondary levels for 6 years. I am a graduate of the University of Nebraska-Lincoln with a Bachelor of Fine Arts degree and certification in art education. I recently received a Master of Science in Education degree from Peru State College.

I grew up in Falls City, Nebraska. My family and I moved to Bennet a few years ago and are glad to be back in a small-town atmosphere. When I am not in the classroom, I enjoy interior design, drawing, and spending time with family.

Fun fact: I am the illustrator of a published children's book.
