

Important Note:

1. You should first click “File” on the top left then “Make a copy” to make your own version.

Then you can start to write your lesson on your own copy.

2. Make sure you click “Share” on the right top side and make the permissions “anyone with the link can view” then check “Can Edit” so I can easily leave comments for you.

Sample Lesson Plan with Technology

Your Name:

Class name:
