

What is Edpuzzle? Edpuzzle is an easy-to-use platform allowing you to engage every student, one video at a time. Unlock the power of videos through simple editing tools and the collection of formative student data. The process is simple - find a video, add questions and assign it to your class. Watch as they progress and hold them accountable on their learning journey.

What do users do with Edpuzzle?

Administrators: Model/reinforce accountability & engagement
Teachers: Reinforce accountability and engagement
Students: Helps to show what they know

Choose the training option that works best for you!

Edpuzzle Overview (1 min. video)

What learning function does Edpuzzle fulfill?

Make ANY video an interactive lesson!

Choose any video from YouTube or your own, embed your own assessment questions, and track your students' progress. Works asynchronously or synchronously.

Key Features- Edpuzzle Provides Opportunities To:

- ❑ Check for understanding to determine next steps instructionally.
- ❑ Add interactive elements to instructional videos. Multiple choice, T/F and open ended questions
- ❑ Enhance video by adding narration to provide clarity.
- ❑ Identify errors or misconceptions.
- ❑ Flipped learning strategies to create and can be applied in both face to face and online learning opportunities.
- ❑ Acquire knowledge about a student's academic and social-emotional needs.
- ❑ Design and deliver online instruction that includes varied activities that engage students in the lesson, allow for student agency and meet the needs of diverse learners and multiple perspectives.
- ❑ Works within Google Classroom and has a [Chrome Extension](#)
- ❑ LMS integration - Canvas, Schoology, Moodle, Powerschool

➡ The Competency Scale for Online Learning was developed to support the Continuous Learning Technology Integration Continuum released by the Iowa Department of Education and Iowa AEAs. This scale measures one's ability to demonstrate competency for teaching online. The resources listed here help to increase competencies for educators.
