

Gao-Ju, Exiled monkey-monk

Overview

A fusata monk you can meet while wandering the windy peaks. He was a member of The Spring Order of Macah, before leaving over disagreement on some of the dogma. Traveling the Frost Marches, he took a particular interest in the Windy Peaks. Mostly because of the buxom women, the hot baths and the opportunity for some brawling.

Like Jin-jin down at the Hawkethorne gym, Gao-Ju (Gao for short) resembles a monkey with white fur on his back and sides. He's a big guy, tall with big muscles and a broad chest accompanied by a boisterous personality.

In this first version, I will focus on a combat encounter with the usual victory/loss sex. I plan to do an expansion where you get to know him a bit more and he gets a permanent spot in the bathhouse part of the Windy Peaks.

You can encounter him in the bathhouse portion of the Windy Peaks anytime of the day.

Appearance

(Appearance inspired by Sun Wukong from the game SMITE. Especially [this splash art](#).)
//Plays when PC selects [Appearance]

In front of you stands Gao-Ju, or Gao for short, a fusatan monk from The Order of the Spring Macah. As is usual with these monkey-men, Gao is covered in a mix of snow-white fur on his arms, legs and back, while sun-tanned skin covers his front.

His face is a mix of simian and man, with a round mouth jutting out below a pair of golden eyes. Said face is adorned by a short, white beard that connects to the fur on his cheeks and head, giving his tanned face a white frame. The spiky hair on Gao's head is swiped back and out of the way if he ever ends up in a fight.

And this monk is certainly equipped for one, armed with a staff that barely reaches his chin, that he carries with a set of thick, muscular arms. In fact, Gao's whole body is in peak physical condition. Standing about 6 and a half feet tall, the monkey-man is a testament to hard training and good diet, wielding muscles that would make any warrior jealous.

Gao is dressed in a simple but colorful robe, dyed in an ochre-yellow shade. It only covers the left part of his chest, leaving the rest of the fusata's brown torso exposed to the elements

and admiring eyes. Gao's broad chest is adorned with a triangular patch of hair that travels across the upper part of his pectorals and down between them, stopping just above his abs.

His legs are covered in a pair of wide, soft-looking pants that flare out around his calves; there's a hole cut out in its back, allowing for a prehensile tail that gently sways behind the monkey-man. Further down sits a pair of feet at the end of his white, furry legs. He has no need for shoes thanks to the thick soles underneath the wandering monk's prehensile feet.

[If sexed]

Gao notices where your eyes are traveling, and grins while grabbing his crotch.

"Missed me?" the man teases while forming the fabric around his fat penis.

The wanderer has every right to be a bit cocky, because Gao is all man beneath those baggy pants. With a thick, veiny dick reaching 15 inches when at full mast, paired with two egg-sized nuts. They rest above a set of thick legs that are covered in white hair that goes from coarse to silky smooth around his glutes.

Speaking of glutes; that snow-white monkey-butt is nothing to scoff at either. Although a bit lacking in size when compared to what you usually encounter in the Marches, it makes up for it with perfect roundness and springy muscles that make it a joy to grope and squeeze.

All-in-all, Gao's the ideal [pc.dcb|toy|man|hottie] that looks just as good on top of you or on his back with legs spread. If you can get the warrior on his back, that is.

First encounter

As you traverse the winding paths of the Peaks, you round a corner and [pc.height|1570|bump your chest|bump your face] into a wall of damp, firm muscles. You jump back and ready your weapon, before a burly voice calls out:

"Woah there, traveler. Calm down, will ya?"

In front of you stands [pc.encounteredFusata|an unusually tall fusata|a simian-looking man], reaching about 6 and a half feet in height and covered with white fur and thick muscles. The monkey-man is armed with a wooden bo staff that rests on his broad shoulders.

The man looks friendly enough, with a big smile on his pronounced face while a big hand strokes his white beard. Lowering your weapon, you [pc.isDK|scoff|apologize], telling the wanderer you're a bit wary with all these demons crawling about.

"So I've noticed. Which is why I asked you to calm down instead of trying to hump your leg," he answers.

Fair.

"Now that we're on non-stabby terms with each other, would you mind giving me your name? Always nice finding someone with other things than surprise-fucking on their mind."

You give it to him and he sticks out a large hand, "Gao-Ju is the name. Or Gao for short."

You shake his hand, [pc.strengthIs 66]meeting his firm grip with your own powerful clutch.[a bit worried that those vices he calls hands are going to crush you.]

"What brings a [pc.name] to this corner of the world?" Gao asks.

A bit of this, a bit of that, some adventures with a hint of demon hunting and cat girl rescuing.

"Ah, I see. So it isn't these splendid hot springs and the stacked bird ladies that lured you here? Because they sure have me hooked," Gao finishes with a laugh and you notice some steam rising from his damp fur. Seems he's just been visiting one of those warm pools that are lying about.

"Hey there, [pc.name]!"

You turn around and spot Gao-Ju walking between some cliffs. The fusata monk grins from ear to ear as he walks up to you. Gao's white fur is slightly damp and warm steam rises from his body, it would seem he's just finished relaxing in one of the old hot springs.

"So, care to tell me what brings a monk to this lonesome mountain?" you ask Gao.

Gao scratches his beard and laughs.

"What does it look like? I'm enjoying the view and the company; those warm pools are also a nice addition. Besides, there are a lot of demons here for me to practice my fists."

[met.Jin-jin|Now that he mentions it, Gao reminds you of Jin-jin, the monkey-monk down in Hawkethorne, sharing both attire and heritage. You ask him about it.|His attire and choice of weapons do seem a bit odd, maybe there is something special about Gao's heritage. You ask him about it.]

"You've noticed I'm not from around here? Why, aren't you a smart one," the man taunts. "If you insist on prodding, I'll tell ya. I am a... or was... a disciple of the Spring Order of Macah. I know, it's a mouthful."

Gao places his staff behind his neck and stretches, seeming to get a bit lost in thought.

"We are usually called monks, and we train our bodies and minds to be able to protect ourselves and those too weak to defend themselves. Usually with non-lethal weapons."

He said he used to be a member, what happened?

"The short version: there was a doctrinal difference and I decided to leave to avoid drama. If you want the long version, then you need to catch me at a better time. I'm not going to stand around in the wilds and talk about my life."

You hear him and drop the issue. Instead asking what he's up to now.

"Don't know, really. Roving around and trying to uphold the parts of the code that I did agree with, like getting better at fighting and helping any poor sod that wanders into trouble."

He looks you[pc.hasParty| and your companions] over and taps his protruded lips.

"Say, you look pretty strong. Would you mind some sparring? I could always use some practice."

You raise your eyebrow as you inspect the monk; he's quite imposing, being both tall and ripped to the gills. Also, that staff hanging on his shoulder looks like it can give you [silly|quite a bonk|quite a thrashing].

[pc.isDK]"What's in it for me? I don't want to risk a sore fist without a reward."|I don't know... It would be quite stupid of me to get hurt when there are demons about. Is there anything in it for me?"]

Gao lets out a roaring laugh, "Ain't that a true adventurer. Immediately asking for some reward for beating someone up. Well, how about this: You get to fuck me."

You flinch, surprised over the boisterous monk's sudden suggestion. He clarifies:

"I don't have much in the way of money. But I do have a great ass, and this."

Gao hooks a thumb and lowers the front of his baggy pants, giving you a glimpse of a fat, brown cock which must be at least 15 inches.

[party.has cait]"Oh my..." the pink cat girl murmurs behind you. "Y'know, [pc.name], if you don't want to bet your butt you could bet me..."

Gao puts a hand on his chin and cracks his jaw while looking you over like a piece of meat.

"Simply, I like to let loose. Not so far as to hurt my partner, but they tend to end up a bit sore afterward. And don't worry, I receive as good as I give."

Speaking of that, you ask if he prefers giving or taking?

"Look at these," he tells you and flexes his arm, showing off a bulging bicep covered in white fur, "With puppies like these, most of my partners prefer to be on the bottom. Not that I haven't been on the receiving end, It's fun to switch things around sometimes. And I'm not that picky with partners. Men, women, skin, fur, whatever. You land your finishing blow, causing the monk to stagger backwards and land on his athletic rump. A part of his robe comes loose, revealing even more of his tanned, muscular chest, glistening with sweat. Gao pants and wipes a trickle of blood from his protruding lips. A bulge starts forming in his pants despite the beating.

"Good fighting, [mf|brother|sister]. Damn, I'm going to be feeling that tomorrow," the monk pants and caresses his sore neck. He grins and leans back, putting his toned warrior body on full display.

"So, [pc.name], do you have an idea of how we're going to do this?" Gao asks while shrugging his left shoulder, letting the remains of his ochre-yellow robe slide down over a powerful arm.

"It's fine, I got this. We don't want to break him too bad," you answer.|"Fuck, can't I tag along?" Arona asks and turns to Gao.

"I know you've been staring at my tits, but there is something else I want to stuff in your face," she growls and grabs her crotch, showing the monk the green bitch-breaker hiding in her trousers.

Top Him

You look around and spot an old stone slab that's covered in moss. It is waist-high and has a smooth surface on what looks like an old shelf; perfect for placing a soon-to-be monkey bottom.

Giving Gao a hand, you help him to his feet while grabbing the rope tying his disheveled robe together. You untie the knot and toss aside the meddling cloth, leaving the glistening fusata chest naked and with goosebumps forming from the chilling wind.

You grab both of his pecs, his firm chest-muscles mold like dough in your palms. Gao makes a pleased grunt when you press down a stiff, brown nipple with your thumb.

"Got a nice pair of tits on you," you tease as you knead his flesh, soliciting a chuckle from the monkey-man.

"Thanks [pc.mf]brother. I knew you were a boob guy.[sister. Yours aren't that bad either.]" Gao underlines it with a flex, making his pecs dance in your hand.

You continue by running your hands through his white chest hair, twirling some coarse strands between your fingers before moving down over his ribs and tracing your fingers along his abs.

"Like it?" Gao asks while keeping his hands on his hips, allowing you to pet his shredded midriff and stroke at the warm hair on his muscular hips. You sneak a hand down his back and get yourself a handful of monkey ass through his baggy pants.

Gao doesn't mind, even lifting his tail so you can grope at the firm and springy butt completing this hunk of man-meat.

"Yes... this will do," you answer while your hands travel back to his chest.

"It would be even better on top of you. You look a bit cold and could probably use some war-Agh!" he hisses as you pull the patch of hair on his chest.

"[pc.isDK]I'm inspecting the body that I won. Now come over here, bitch.[You'll need to fight better for that. Now come over here and lay down like a good boy.]"

[Next]

With a firm grip on his chest hair, you drag the defeated monk over to the smooth stone ledge and lay him down with his back against the stone. You lift his legs and, with a rough yank, you dispose of those pesky pants, leaving only a fundoshi to protect the monk's modesty.

You take a moment to caress his white, furry legs. The coarse hair is surprisingly warm and, when you hike them up on your shoulders, you can't resist rubbing your cheeks against his fuzzy calves.

Sensing [a] [pc.isDK]annoying[cocky] grin emanating from Gao, you snap out of it, grabbing the fundoshi and undo its bindings. Slowly, you reveal the hunk's fat cock, 15 inches of prime monkey meat that rests against his firm midriff.

It looks too tempting to be ignored, and you grab that brown dick and give it a couple of strokes. A pleased sigh escapes Gao as [pc.isDK]the bitch opens his mouth again[he keeps teasing you]:

"Why don't you give it a ride? I bet a [pc.mfn]man[babe]cutie] like you would feel great around it—" he grunts as you stuff the bundled up fundoshi in his mouth. With the sweaty cloth making sure the monkey's loose tongue stays still, you can get to work.

Even Gao's respectable member gets dwarfed by your [pc.cock]], and it's about to claim another victim.]

You run your hand down his cock and over his furred sack, lifting it out of the way so you can prod at your prize. As your finger nudges at his entrance, Gao draws a shivering breath and grabs his legs, holding them up for you and showing that the [pc.isDK|slut|defeated warrior] has accepted his place.

You're greeted by a dark-brown star hiding between the white valley of his cheeks. Reaching down, you poke an exploring finger inside his tunnel, quickly discovering that this well-endowed man has some experience with his backdoor.

While far from stretched, his buttohole is flexible enough to allow a pair of fingers inside and he has enough core strength to clamp hard around your exploring digits. Despite this, you figure the butt-monkey needs some aid if he wants to walk afterwards.

Luckily for him, he has some prime lube leaking down on his abs. You swipe some of it up and weave it between your fingers, before plunging them back inside. Gao groans as you slide your slick digits across his buttohole, coating his throbbing walls with the monk's potent seed.

When you deem his hole to be slick enough, you grab your [pc.cock] and place the tip at his warm entrance. Then, without warning, you ram it inside.

[pc.cockRange 0 15 20]A pleased huff escapes through Gao's nose as your [pc.hips] slap against his springy buttocks. His golden eyes gaze at you and his strong hands grip at the edge of the ledge. Gao wraps his prehensile feet behind your neck, allowing his furred ankles to warm your face.

His slender tail caress your thighs and there's a question on Gao's face: you fight like a champion, can you fuck like one?|A muffled grunt escapes Gao's gagged tongue as your hips slap against his springy ass. It doesn't take long for the monk's tight buttohole to get used to your cock and his stressed breathing turns to pleased moans.

A smooth tail runs up your thighs and the fusata's strong body speaks without words: nice cock, but do you know how to fuck?|A pained growl escapes the monk's muffled throat as your hips slap against his springy butt. Even a strong body like Gao's struggles to accept your [pc.cock] and it takes a short while for his chute to get used to

your girth. The warm tunnel molds around your conquering meat, and soon it forms into the perfect cock sheath.

You pat the man's abs, complimenting Gao on his dick-taking skills. He chuckles as he prepares for the pounding, strong hands grip the edge of the ledge while prehensile feet lock around your back. His soft tail caresses your thighs as the hunk's body makes another challenge; that's an impressive cock, but do you know how to use it?]

That's what this cocky monk is about to[silly] fuck around and] find out. You pull back and the monkey's buttohole clutches around you, making it more difficult than your first thrust. This man's core strength seems to be on a different level, the way you have to fight to get your cock back from his ass.

Taking a firmer grip on his sides, you pull harder until only the [pc.hasFlare|flare|tip] of your dick remains inside him. Although it was a bit of a struggle, the warrior's muscular butt is practically made for your [pc.cock], and you plunge back in.

Gao's powerful ass manages to stimulate every nerve in your loins, making you release a bead of pre inside his bowels; it's a miracle you haven't climaxed yet. Luckily for the both of you, the precum works as additional lube, making your journey back in all the more smooth.

You both start to pick up the pace, with every hump into the monkey's hole being greeted by a firm hug from the wanderer's glutes. The slick tunnel has turned into a perfect glove, and being attached to such a hunk makes your heart race as it milks even more seed from your aching penis.

Your [pc.hasBalls|[pc.balls]]hips] clap against fuzzy monkey cheeks as you piston in and out of Gao, eliciting a couple of grunts from your gagged [pc.isDK|cocksleeve|man]. Trying his best to keep up and not go blank from the sodomizing, Gao keeps his eyes locked on yours.

Despite the musky cloth jammed in his mouth and his conquered ass stuffed with [pc.race]-cock, the [pc.isDK|annoying onahole|monkey] grins at you. The occasional grunt is the only acknowledgment your butt-pounding gets; maybe you need to think outside the box to break this jaded monk.

You suddenly slow down, swapping the jack-hammering to a more tender fucking, sliding in and out while moving your hands towards his chiseled chest. The monk's breathing becomes more strained, leading into a guttural moan as you gently twist a dark-brown nipple and tousle his chest hair.

While playing in the field of coarse monkey-fuzz, you make sure to stimulate Gao's prostate with each plunge, gently prodding at it with your [pc.cock]. Gao no longer needs to grip the ledge and moves his hand towards his other nipple, joining in with your chest play.

The monk's other hand grabs his meaty dick that's leaking white pre down his midriff. Gao's eyes become foggy as the monkey man starts jerking himself off in the same gentle rhythm of the butt-fucking you're giving him; he still manages to keep his feet locked around you.

[Next]

It would seem you've finally broken the loudmouth. You swipe away the saliva-soaked cloth that is dangling from his lips.

"How's that? Still want me to ride your dick?" you ask with a smirk.

"F-fuck no, don't stop. Didn't know [pc.race]-cock could be this good," Gao murmurs and rests his head against the rocky ledge.

You snicker, leaning down and planting a kiss on his sweaty chest, "That's what I wanted to hear," you answer and give his chest a reassuring pat.

Your soft words make the fusata groan as his cock throbs and leaks some cum down his abs; Gao is getting close to finishing. His buttohole clenches around your [pc.cock], hugging you so tight that you struggle to move. Not that you need to, since this butt slut manages to milk you with his ass alone.

This will not do; you're the conqueror here and *you* decide when it's time to fill up your [pc.isDK|monkey hole|hunk]. You gather your strength and start thrusting despite the fusata's tight embrace. Plowing the monk until the dam breaks.

A pained grunt escapes the monk as you growl, clutching at his fur, and climax.

His washboard abs bloat into a round orb, as [pc.cumColor]-liquid gushes out and soaks his butt-fur.]

While you work on feeding Gao's bowels with protein, the slutty wanderer finishes off the fat meat-stick he's been stroking. The fusata grunts as he showers his chest and chin, covering the warrior's bronze skin in white monkey-jizz.

The orgasm drains your body and you use the last of your strength to pull out your cock and crawl up on the ledge, laying down next to the defeated monk.

After a moment of heavy panting and relishing in the afterglow, a large, powerful hand caresses your face. Gao leans over and takes your [pc.lips] into an affectionate kiss.

For the moment, you allow yourself to forget who the conqueror is as the hunk drapes his powerful arms around you. After the brief make out, Gao lets go of your tongue and slaps your shoulder.

"Thank you for that, [pc.mf|brother|sister]. I've almost forgotten how nice it is to be on the receiving end."

Gao stands up and lumbers over to his robe that's tossed in a heap next to the ledge. [pc.Cum] leaks from Gao's crack and he groans when bending down to pick up his clothes. It would seem you did quite a number on him.

"[pc.isDK]Oh really? With that slutty hole I would suspect you'd do this on the regular,[So you do have some experience back there, I couldn't tell,]" you tease.

"Haven't had much action back there since I left the monastery. But don't get used to it, next time I'm having *your* ass," Gao retorts as he lumps the robe and baggy pants on his shoulder.

Gao reaches back and inspects the mess you left in and on his bum, sighing, "Probably need a bath. Good thing I found a place with some warm water. Catch you later."

The monk picks up his damp fundoshi and staff and walks off, still naked. You watch as his well-used butt disappears behind a cliff, leaving you to [party.hasCompanions|return to your [pc.hasOneCompanion|waiting companion|comrades]]continue your adventures].

Ride him

You can't take your eyes off that cock, even through those baggy pants it manages to form a respectable bulge. Gao grins and grabs his pride, forming the fabric around 15 inches of hunk-meat.

The sales pitch works and you sway your [pc.hips] as you walk up to him, shedding your [pc.gear] and putting your [pc.chest] on full display. Gao squirms with contained excitement as you straddle the fusata's prone form and lay a hand on the man's powerful chest, pushing him to the ground.

Reaching back, you yank down his baggy pants and are met with a meddlesome fundoshi holding his tool tightly packed. That too is quickly disposed of and Gao's thick monster slaps against your thighs.

You quickly wrestle it under control, feeling up the warm dick-flesh with your hands before rubbing it against your [pc.vagOrAss|folds|butt-crack]. It throbs with anticipation and deposits a trickle of pre in your entrance; you're probably going to need the lubrication.

"See, was all that fighting really necessary? If you wanted it, you could've just asked and – Yaow!"

The annoying monk screams in surprise as you yank at the white chest-hair sticking out from his robes.

"[pc.dcb]|Will you shut up? Or do I have to slap you around some more?|Remember who's the winner here,|But this is so much fun! Like you're my little monkey-horsey!]" you tell him while keeping a firm grip on the white fuzz.

"Alright, alright, you won!" the monk shouts in a pained voice.

"Good," you answer and let go, sliding your hand around his juicy cock and continue rubbing it against your [pc.vagOrAss|[pc.clit]|butthole].

You take your time to fully appreciate the fat cock, the warmth coming from its warm skin and the slick head that provides natural lube for your imminent ride.

"Do you really think you've earned it? Maybe, if you behave like a good boy, then I'll let you touch me."

Gao gives you a goofy grin and rests his hands under his neck. Now that you've got your monkey under control, it's time for your prize. You grab the cum-slick meat and slide it inside your [pc.vagOrAss|[pc.pussy]][pc.ass]].

[pc.vagOrAss|[pc.loosenessRange 0 4 7]|You make an awkward grunt, this may have been a bit too much for your tight cunt.|You bite your lip, this fat dick was a challenge even for your stretched cunt.|You sigh, happy to ride a dick that can fill out your gaping cunt.]] [pc.analLoosenessRange 0 4 7]|You make an awkward grunt, this may have been a bit too much for your tight ass.|You bite your lip, this fat dick is a bit of a challenge even for your stretched asshole.|You sigh, happy to ride a dick that can fill out your gaping asshole.]]

The top of his fuzzy legs rub against your butt as you bottom out, and you focus on your breathing as you're getting used to the monkey-pole. While staying in his lap in order for your tunnel to get used to the invader, you lay your hands on his midriff.

Feeling Gao's hard six-pack on the other side of his robe, you realize there's more monkey-man for you to claim. You rip off the rope holding the ochre-yellow fabric together and undrape his muscular body, laying the cloth under him like a blanket.

You shudder with veneration over the brown and white hunk under your legs and slide your hands over sculpted abs and towards a mighty chest. When kneading those brawny pecs and nudging at his brown, rigid nipples, you almost forget the fat penis stuffed inside you.

A chuckle ripple through Gao's powerful body, making his cock vibrate and remind you that you're actually riding this stallion.

"What do you say, [pc.mf|brother|babe], impressed?"

"[pc.isDK|Just making sure I won't break you," you sneer.

"Don't worry about that, I've had my share of energetic dick riders. Do your worst," Gao answers and jerks his hip, forcing you to stifle a moan. |Fuck, you're handsome," you tell the hunk.

"Thanks, [pc.mf|you're quite strapping yourself. Love it when a brother knows how to ride a dick. |Thanks, sister. Love it when a sexy [pc.race] appreciates my work.]" Gao underlines it with swaying his hips, making you moan from the rod massaging your depths.]

You get to work as you slowly rise up until only Gao's tip remains inside. Grabbing hold of his powerful chest for leverage, you slide back down. The feeling of getting filled with fusata dick is enough to make your entire body tremble and forget any pains from your battle.

[pc.hasCock|As your butt comes down on Gao's lap, your [pc.cock] slaps against his beefy midriff, and a tiny [pc.cumColor] drop lands among the ridges of the monk's abs.]

You moan as you repeat the process, landing with another loud clap against Gao's lap. A sound that starts to echo against the cold rocks as your dick riding starts to pick up speed. Before you know it, you're practically bouncing on those muscular legs.

Again, you feel a pair of grubby hands crawl up your thighs. This time you allow it, a reward for staying put and letting you ride this fine cock.

[pc.mf|[pc.hasCock|Gao plants a hand on your butt, while the other takes a firm grip on your [pc.cock], jerking you off while you keep riding. |Gao plants his firm hand on your buttocks, assisting you in your vigorous meat-riding.

"Sweet Spring, [pc.cupRange flat C|those are some nice tits. |what a rack.] I'm so glad I left the Order," he blathers while toying with your boobs.]

You don't respond, the babblings of a monkey can't break through your dick-drunk state, as you reach what can only be described as [silly|mach-speed|a demonic] pace. Thrust after thrust, the only thing you can think and feel is Gao's cock and his powerful chest clutched in your hands.

You teeter on the brink of orgasm, but you hold on, not wanting to finish before the cocky ape. It turns out you don't have to hold out for long; Gao lets out a primal roar and slams his hips against your bottom.

A deluge of warm cum erupts inside you, coating your tunnel in potent seed that has the beastman roaring while you let go of your orgasm.

[pc.hasCock][pc.mf]Despite the fusata's primal climax, he keeps jerking you off, and gets a messy reward.[While your man keeps fondling your [pc.breasts], you jerk your cock to give Gao a messy reward.] You scream and shoot your [pc.cum] in the monkey-man's face, ropes of baby batter splatter across his rounded chin and drip onto his white beard.[You join in with your own roar, as the feeling of getting filled with Gao's potent seed sends you into a climactic stupor.]

As the last stream of jizz gets deposited in your [pc.vagOrAss|pussy|butthole], you lose your remaining strength. With a tired grunt, you topple forward and land face first in a soft bed of monkey-chest. You discover that the white chest fur also works fine as a pillow, and you fall into dreamland.

When you open your eyes, you notice that you've been sleeping with a face full of monkey-fur, and said monkey is snoring loudly while gripping your back with a big hand.

You swipe away his arm and rise to your elbows, grunting as you dislodge Gao's fat member that's still stuck in your [pc.vagOrAss|pussy|ass]. A stream of cum pours out of your gaping hole to form big puddles on the ground.

You look up at the monk, who's still in deep sleep[pc.hasCock] and with your [pc.cum] still clinging to his beard]. It's time to get going; you roll off your muscular bed and scamper over to your discarded gear and start to get dressed. While putting on your [pc.lowerGarments] you place a [pc.foot] on Gao's chest and shake him awake.

"Wha- What?" the groggy monk mutters while opening his golden eyes and regarding the [pc.race] towering above.

"Damn. How long was I sleeping?" he asks and slowly rises to his feet.

No idea, you both were out for a while.

"I guess we're lucky none of those demons came by," Gao answers as he wipes his midriff, but all that does [pc.hasCock]is smear some of your leftover seed over his abs.[is smear some of your [pc.girlCum] over his abs.]

"[pc.dcb]You stink,[Got some dirt on you,[Aw, I got you all gooey, hunky!]" you tell him.

"Thanks for that," Gao retorts as he starts to get dressed and tucks that big [silly|banana|dick] back inside his baggy pants, followed by bundling the ochre robe over his shoulder. Probably a good idea, no need to dirty the nice robe before washing off the afterglow.

"I'm going to take a bath. Found an old hot spring among the cliffs. I've gotta be honest, these cows could build. See you around, [pc.mf|brother|sister]."

Gao gives you a two-finger salute as a goodbye, and walks off behind a cliff.

Gao lands one final blow with his staff, striking you in the chest as you fall backwards. You look up at the hulking monk, who's grinning down at you while leaning on his staff and adjusting the growing bulge in his pants.

"Nice try, [pc.mf|brother|sister]. You almost had me for a moment."

Before you know it, Gao throws you over his shoulder and [party.hasCompanions|carries you away from your [party.hasOneCompanion|ally|allies].|carries you away.] He takes you to a secluded opening among the cliffs, where he throws you on the ground.

You groan, sitting up on your haunches, as Gao swaggers closer to you with a cocky grin. He stops right beside you, and you come face-to-face with a massive bulge behind those baggy pants.

"Something caught your eyes?" the monk asks with a husky tone without moving an inch, knowing full well that his pendulum has already hypnotized you.

Like a [pc.manWoman] possessed, you grab at his crotch and fondle the mighty tool that rests behind its prison.

Gao makes a low, guttural chuckle: "Let me get that for you," he whispers and places a thumb inside his pants. With one quick motion, he releases the monster.

A fat, brown, 15-inch cock springs free and bats you on the cheek. Its girth and virile musk makes you go blank, and you take the entire thing into your mouth. His girth fills your mouth and throat and leaves little room for air. Despite that, his glans rubbing along your taste buds and the steamy drops along his tool encourages you to carry on.

You get a small taste of his potent seed, the final drop, and you take the entire staff into your throat. Gag reflexes are easily overcome when you've got such a fantastic specimen to pleasure.

"So, about that bet we had," Gao continues while scratching your head as you keep throating his cock. "I think I've figured out what to do with you..."

A firm hand grabs your neck and wrings you away from the tasty dick. You make a quiet whine in protest.

"That's probably enough," you hear the monkey say before he shoves you on your back.

Gao takes hold of your [pc.lowerGarments] and rips them off, leaving your [pc.hasRealCock|[pc.cock]|pussy] exposed to the elements. The monk drops to his knees with his meaty dick in hand and slaps it against your [pc.hasCock] own.

"Nice cock, brother. It's gonna look really nice flopping around while I take your ass."| clit.

"Nice pussy, brother. But I'll think I have your ass this time.]

Gao turns you on your side and hikes one of your legs over his shoulder, revealing your [pc.asshole]. You can feel the fusata's golden eyes staring with hunger at your vulnerable anus, winking with anticipation of what is to come. Craning your neck, you watch as Gao grabs his 15-incher and lowers it to your entrance. You hiss through clenched teeth the moment his cock touches you; that fat head is already stretching your ass.

[pc.analLooseness 0 7]"It's a good thing you're such a good cocksucker. Now I don't have to worry about breaking this fine ass of yours," Gao teases while nudging deeper inside.] "Woah, brother. You follow up the tirade with a cry towards the sky as the thick invader plunges into your hole and fuzzy hips slap against your butt.

"Like that?" Gao asks and adjusts his grip on your leg, leaving you totally helpless in the monk's firm grip. Not that you care to answer with the man-meat throbbing inside you and pushing against [pc.hasCock|your prostate|your walls]; it's enough to send you into a stupor.

Gao chuckles and shrugs off the remainder of his loose-hanging robe, rubbing his warm, thick chest against your leg. He keeps still, allowing your chute to get used to the girth while rubbing your calves.

Soon, after some stretching, the invader feels perfect inside you. You look into Gao's golden eyes and nod. He kisses your calf in response and starts moving his hips.

The fat rod slides along your tunnel, coating your inside with natural monkey-lube, before ramming it back in. A process that repeats and, for every smacking of monkey hips against [pc.race]-ass, your vision becomes more foggy.

It isn't long until Gao has you completely wrapped around his finger and your body goes limp, allowing your man to plow your ass with all his might. On instinct, your hand travels toward your [pc.hasCock][pc.cock] but, before you're able to start pleasuring yourself, Gao pulls out and lifts your hip, putting you into a mating press.

Your view gets blocked by brown muscles and white fur as golden eyes peer down at you.

Burly, brown pecs that jiggle with every thrust, strong abs that heave with every breath; there is no other view you would rather have. And it's all capped by that rugged, handsome face peering into your [pc.eyes]. He was right, you don't need a hand to orgasm, all you need is a fusata dick drilling into you.

All you can think and feel is your butthole stretching along the side of a slick monkey-cock. How it rubs your inner walls[pc.hasRealCock] and stroke at your prostate], hitting every spot inside your throbbing tunnel.

You reach up and run a hand through his white beard, telling him you're close. He grins through his labor and answers: "Same, [pc.name]."

With one final, mighty thrust into your hole, Gao gives off a roar while showing his sharp fangs. He fills your bum with hot seed. As the rutting finally fades, you feel how the victorious warrior pull out from your slick hole and crawl next to you. Gao lays down behind you and wrap his athletic arms around your [pc.chest] and let his furry biceps warm your body. With the warrior-monk as your cuddly, muscular spoon, you fall asleep.

You awake to a soft crunching. You open your eyes and look over at the sound. Next to you lies the naked monk on his side, propped up on an elbow and eating an apple.

"Good morning, handsome. Need some grub?" he asks and holds out the half-eaten apple. You're about to say no, but your grumbling stomach protests and you accept the fruit.

Gao yawns and scratches his egg-sized balls that seem to have shrunk a bit from your rutting, "That's some prime ass you're carrying. A man like you almost makes me regret leaving the boys back in the monastery. Almost."

He watches you devour the apple, and when you're done, he sits up and stretches his sculpted body. Together with his semi-hard cock resting on his lap, it almost makes you ask for another round. But you forget that idea, you need to be able to walk back to camp at least.

As you start to get dressed, you make an annoyed grunt when you realize that fusata-cum is still leaking from your butt.

"Sorry for that, got a bit too excited. That ass of yours could probably drain an entire legion."

You roll your eyes as you put on your [pc.lowerGarment] and grab the rest of your gear.

"And you stink," you answer.

Gao raises his eyebrows and looks down at his sweaty body. "Yeah, you're right. I need a bath, so I don't have to wash my robe again. Good thing I found a hot spring among these cliffs. I tell you, those cows could build. See you around, brother."

The dirty monkey pulls up his pants and bundles the robe on his shoulder. He picks up the bo staff and gives you a two-finger salute before walking off, leaving you to your own devices.

A strong and gentle hand grabs your chin, pausing your vigorous cocksucking.

"Love your mouth, sister. But there's something else I really want."

Reluctantly, you take the tasty meat out of your mouth, but the empty feeling goes away when Gao takes you into his muscular arms and hoists you into his lap. Sitting himself down on a nearby rock, you straddle the warrior with your [pc.chest] pressed against his muscular body. You bite your lip as a veiny cock prods at your [pc.vagOrAss][pc.pussy][ass].

You grind his thick staff between your thighs, picturing yourself getting filled with potent fusata-seed. Your daydreaming gets interrupted by a warm mouth starts suckling at your [pc.nipple], and you moan as the monkey's fangs gently tickle your [pc.skinFurScales].

Gao's broad tongue plays across your boob and you weave your fingers through his spiky hair. While you tousle the monk's coarse locks, he comes up for some air.

"[pc.cupRange flat C|These are some nice, firm tits, babe.|Sweet Spring, Champ. You've got one amazing rack.] I hope you don't mind if mmf—" you silence the loudmouth by pressing him back against your teat, you've finally found a use for that annoying tongue.

You take your time while descending the mighty mast, with the assistance of Gao's strong hands. Your tunnel gets a thorough massage as the warrior's dick fills every inch of you, and you return the pleasure by clamping around him. Gao sigh against your teat as he release a tiny drop of pre inside you, the heat from his warrior-seed helps you cram the final few inches of Gao's rod inside you.

When your buttocks come to rest against his lap, you take a moment to rub your [pc.skinFurScales] against the coarse and warming fur on the warrior's powerful thighs. You run a hand over Gao's firm body, sliding a hand under his robe and squeezing his muscular pecs. You yearn for more of his warmth and you start undoing the rope holding the ochre-colored robe together.

Gao lets go of your boob and allows you to undress him, leaning back and smiling as you part the golden drapes covering his brown, sculptured body. When you slide the fabric off his shoulders, he bundles it up and tosses the garment to the side as you grab his pecs and pinch his stiff nipples. You tease him:

"Got some nice tits yourself, hunk."

"Thanks babe. Why don't you try my cleavage," he retorts and nibbles at your [pc.ear].

You follow Gao's advice, weaving your fingers through the patch of white hair on his chest. Just like the rest of him, the wanderer's fur is warm, firm and coarse but still pleasant to stroke and rest your cheek on; a man from top to bottom. You drape your hands over Gao's strong shoulders, stroking the thick fur on his back while whispering: "Take me."

Big hands grab your [pc.ass] and lift it, dangling you in the air with just the tip of his penis inside, before dropping you back down. With a wet smack, your stretched hole takes his entire meat to the hilt and you bury your face in Gao's broad chest.

Every thrust inside is another excuse for you to moan into Gao's strong shoulders and rub your [pc.breasts] against his hot warrior body. Your fingers dig into his fur until you can feel the wanderer's firm traps flexing on the other side of his steamy skin.

You thread your digits in the fur of the strong monk's arm as your panting, hot breath wafts across his white fur, causing small droplets to form like [silly]mountain dew on a keyboard[morning dew in a meadow].

Remembering that Gao is a boob-guy, you unglue yourself from his chest and stick a [pc.boob] in his mouth, which your lover happily accepts as he wraps a pair of damp lips around your teat. [pc.isMilky]

The monk flicks his tongue against your bud, and you sigh as drops of [pc.milk] starts leaking into the warrior's mouth. Gao huffs in surprise, then hums as he starts gulping down your gift. A tingle of pleasure runs through your spine as you press your chest into his face and let the man nurse. A strong guy like him needs the nourishment after all.]

The tongue circling your sensitive bud is almost as good as the dick pounding your tunnel. Almost. You feel his egg-sized balls slap against you as you grind your butt into Gao's fuzzy lap. With every thrust, the throbbing cock heralds that you're about to get filled with your warrior's powerful seed.

You reach down beneath your buttocks to caress the potent sack slapping at your entrance. Rolling the monk's fuzzy balls in your palm, you get a feeling of the warm and potent seed that's resting inside those meaty orbs.

You whisper in his ear: "It's all right, give me all you got."

Gao plunges his face into your rack, muffling a primal roar, and explodes inside your [pc.vagOrAss]womb.[ass.] You join in, releasing a loud scream as load after load gets deposited in your tunnel. When it finally goes down to a small trickle, Gao lays down on his back and takes you with him.

The large monk's heavy snoring and the comforting warmth of his chest-fur becomes the last thing you remember before fading into slumber.

[Next]//Possible pregnancy.

You awake with your face firmly planted on a soft, white, monkey-pillow. A fuzzy arm is wrapped around your side and a big hand gently massages your [pc.breast].

"Mornin', sexy. Any nice dreams?" he asks.

[pc.dcb]You give a woozy grunt and nudge his hand away from your teat, "Yes. And you were there, bound and with your annoying pie-hole plugged. Both of them."

Gao laughs. "Maybe next time, sister."|"Hmm? No. At least no nightmare, not with you around," you answer and plant a kiss on his brown chest.

Gao chuckles and rubs your scalp, "You're welcome, cutie."|"Yes, I did. And I was filled with your cum, sexy!" you chirp and rub your legs together, fawning over the seed filling your hole.

Gao laughs. "You sure that was a dream?"|

You decide to take a couple of more minutes snoozing on his cozy chest, monkey-riding is hard work after all. After you've gotten enough beauty sleep, you roll off your man and almost fall over, although Gao is quick to catch you in his safe arms.

"Careful, [pc.name]. I did quite a number on you."

You respond with a grunt and waddle over to your discarded gear. As you both get dressed, you notice that Gao bundled up the ochre robe over his shoulder while tucking away his fuck-stick down a pair of baggy pants.

"You got quite dirty and I hate washing this thing. So I'm gonna go and take a bath. Found a hot spring nearby that's still functioning. I'm telling you, these cows knew how to build."

Gao gives you a two-finger salute and walks off, leaving you to your devices.

As you keep spearing your face on Gao's mighty tool, you feel a strong hand caress your head as thick fingers [pc.hasHair|weave between your locks|scratch your scalp]. Despite the leaking cock lodged in your throat, you lean into the fusata's warm hand.

"Good boy," he murmurs. "Cuties like you remind me of the guys back home..."

You look up at him, and [pc.eyeColor]-eyes meet his golden gaze; Gao blushes and clears his throat as he taps your head.

"But I think that's enough, there's something else I've been looking at."

You grin and chuckle through the meat-gag. Could it be your [pc.ass] he's been staring at? Who wouldn't want a go at that? You remove the cock from your mouth and Gao picks you up and puts you face down in a patch of thin grass.

A monkey-shaped shadow looms over you and you feel his fingers sneak under your [pc.lowerGarments]. Grubby and hardened palms grope at your butt as your bottom garments are torn off, quickly followed by your [pc.upperGarment].

The sudden cold makes you shiver, but that is quickly fixed when the big man lays himself on top of you with his warm, furry arms sneaking around your [pc.chest]. They press you against the chafing fabric of his robe and you whine while tugging at the annoying cloth.

"Let me get that for you," Gao whispers and unties the binding rope, throwing the ochre robe to the side. "Better?" he asks and presses his naked chest against the [pc.skinFurScales] on your back.

You rub against his warm, steamy skin and feel his powerful heart beat against your back. Yes, it's better.

"Good," the powerful monk grunts and lean down, placing his broad hand on your forehead and tilting your ear towards his fanged mouth. Hot breath tickle your skin as the towering ape whispers, "Now it's my time to have some fun."

You shudder as a turgid head circles your buttohole; still slick from your blowjob. It pokes and prods at your entrance and gently opens you up for the piece of man you're about to receive. Your warrior asks you if you're ready and you answer: "I'm so fucking ready."

[pc.analLooseness 0 7 |You buck your hips and slide Gao's rod inside you. Instead of giving the conquering monk an answer, you greet his penetration with a thrust of your own, in an effort to get more monkey-meat inside you. Gao's turgid pole drags along the bump of your prostate, making you moan in pleasure as some [pc.cum] trickles from your [pc.cock].

Soon, you feel the fusata's pubic-mound tickle against your buttocks accompanied by his mighty sack rubbing against your thighs; you've managed to take the entire thing. You rub your butt against the warrior's hard hips as you do your best to get used to your man's girth.

You feel every heartbeat from the big fusata, both from his mighty heart and the throbbing cock, and it makes your anal ring relax as it finally forms around him like a perfect mold. You reach back and scratch Gao's thick beard, telling him to go on.

The monk makes a chuckle so his warm pecs rumble, giving your strained back a quick massage before he starts humping. Gao takes it slow, making sure to [pc.hasCock|rub against your prostate|hug you tight] on the way out. When he goes back in, he makes sure to rub your [pc.chest] and nibble your neck, reassuring you that you're doing an awesome job taking his cock.

your strong monkey-man. Your warrior's hot lips keep nibbling at the base of your neck, and you figure there's a better use for them.

Craning your neck, you reach back and guide his face towards your [pc.lips], taking his broad tongue into your mouth. Gao takes that as an opportunity to completely break you, pushing his entire weight down on you while wrestling your [pc.tongue] and pumping your butt with his fat dick.

Not that you have any say in it, all you can do is relax your asshole while the monk breaks you into complete submission. Soon, the only thing you can think about is the warm pole ramming into you with wet slaps, and the sweaty muscles pressing into you.

Close to fainting, you're snapped back to reality when Gao's egg-sized nuts slap against your thighs and start churning; you're about to be bred.

You disentangle from Gao's warm mouth and tell him to fill you up. He fulfills your wish. With one final, mighty thrust, Gao buries his face in your neck and growls as he releases a torrent of seed inside your bowels.

You join him, moaning into the fusata's arms [pc.hasCock]while shooting your own cum on the ground, forming a puddle of [pc.cum] under your [pc.stomach].|while shivering and clutching at his fur, trying your best to endure the stuffing.]

Loud snoring disturbs your sleep and you awake with your face still buried in Gao's white, powerful arms. A warm sensation in your nethers tells you that there's still a dick lodged in your butt. Which is fine, and you go back to snoozing.

"[dayNight|Mornin'|Evenin']," he grunts [pc.hasHair]while resting his face in your [pc.hair]|while rubbing his face against your head. "Slept well?"

"Good. I don't want you to run off tired and get yourself in trouble, little brother."

With a grunt, Gao releases his grip on you and gets to his feet. He swaggers over to the bundled up robe that's tossed to the side and starts to get dressed. You follow suit, rising on shaky legs and start gathering your gear.

But you get distracted by the hunk and you glance over to watch him as he puts on his traveler's attire, biting your lips at the 15-incher that he tucks back in those baggy pants. The ochre robe gets wrapped over Gao's shoulder, leaving his glistening abs free for you to admire.

"Damn, I stink," Gao complains, "Gonna need a bath. I found an old hot spring between some cliffs here, I tell you, these cows could build."

He grabs his staff and walks off, with his long, white tail swagging behind him.

"See you around, little brother."
