

BACICH DROP OFF/PICK UP AND PARKING

as of August 26, 2018

Due to the construction at Bacich, there will be *no parent parking on campus* at any time during school hours. (There will be three ADA permit parking spots for community members who need them.) In an effort to reduce morning traffic congestion, the Bacich playground will open at 7:30 a.m. each day for Grade 1 – 4 students. Staff will supervise the playground. Please take advantage of this early drop-off option, if it works for your family's schedule. Carline will begin at 7:45 a.m.

Parent volunteers will continue to offer their help for drop-off and pick-up in both the McAllister and the Sir Francis Drake parking lots. Thank you, Parent Volunteers!

We ask all drivers to drive slowly, avoid cell phone use and be aware your surroundings both in the carline and on the streets near our school.

Bacich has 14 parking spots for 65 staff members. As a result, teachers and staff will be parking in and around the school. We appreciate our neighbors and school families who have offered a parking space in their driveways.

Don't forget to get a FOB at the District Office to enter campus gates during school hours.

We ask that *all* members of our school community be particularly respectful and mindful of our neighbors this year with the increase in traffic and congestion due to school construction.
