SO I TOLD HIM TO GO F*CK HIMSELF...

After spending years of my life in this office, I was at a crossroads.

I felt like I had wasted so much of this precious life just trying to get by that I never got to truly live life. I felt like there was something missing, Like I hadn't done enough.

During this deep daydream, my boss at the time slapped some paperwork on my desk and told me to get back to work.

And that's when it hit me... There's so much more to life than this.

So I told him to go f*ck himself.

Fast forward a year and here I am. In my penthouse. Finally living the life I had missed out on.

I never thought for a second that it would be achievable, but it definitely was and more importantly it was worth it.
