PROVISION OF DEDICATED TRANSPORT TO WORKPLACE AND WORKPLACE ADDRESS

With the implementation of the Foreign Employee Dormitories Act (FEDA), every company must provide details of each worker including the workplace address upon registration with the dormitory for check-in. These details will be submitted to the Ministry of Manpower (MOM) for verification against the On-line Foreign Worker Address Service (OFWAS).

The company must also provide dedicated transport arrangements for all their workers to and from their workplaces with the exception for those that walk or cycle to their workplace.

We seek your management's fullest support and cooperation in providing dedicated transport arrangements with accurate and complete information in the registration form.
