Summary:

Faculties, Students of KGRCET dressed in traditional attire and showcased the culture of our nation. They are happy in seeing them in the traditional attire and collectively spent time with all by taking pictures and cheering in groups.

Few students prepared local dishes like pongal, Pulihora, and some home made sweets and shared with all in the campus. This made them understand the importance of sharing and the satisfaction they have while sharing and eating with all.

Students played games(seven stones and Hops cotch.) .students are making fun Enjoy the these games. A member of one team (the seekers) throws a ball at a pile of stones to knock them over. The seekers then try to restore the pile of stones while staying safe from the opposing team's (the hitters') throws. The hitters' objective is to hit the seekers with the ball before they can reconstruct the stone pile.

Had wonderful time playing today. Students would like to have more such activities, so as to have good bond with our beloved friends. They would like to thank our college management and Samskruthi foundation in organizing such a great event.
