Policy Title: OCOM Policy D035 Policy & Procedures Regarding the COCA Student Survey

It is the policy of OCOM to fully comply with the administration of the COCA Student Survey. To ensure this occurs, students are notified specifically that the survey is anonymous and that students are protected from retribution and retaliation from the information provided on the survey.

When OCOM administration is notified by COCA that the Student Survey will be sent to students, the Office of the Dean will send an initial email and follow up emails to all students with the following statement:

“As part of the comprehensive accreditation process, OCOM fully complies and cooperates with the administration of the Commission on Osteopathic College Accreditation (COCA) Student Survey. Please be aware that the survey is anonymous and that students are protected against retribution and retaliation from the information provided on the survey.”
