

Email #3:

Thanks to those of you who have been proactive about withdrawing on time. I realize that circumstances are always fluid, especially involving Covid, so if your plans change before 1400 on Saturday, please let me know.

Sailing Instructions are now posted on Tech Score and the [Healy Website](#)

Weather forecast for the weekend is breezy on Saturday with the wind dying as the afternoon goes on. Wind then ramps up again on Sunday afternoon.

Arrival logistics: You can pull down to the parking lot to the left of the club to unload. Once unloaded, please move cars and trailers to the field to create space for others. Boats will eventually end up on the Hyannis YC side of the pier for overnight storage.

Please pay attention to any instructions offered by Hyannis YC personnel.

See you all on Saturday afternoon.

Thanks for the quick attention to regatta fees and NESSA Membership. I think we are all set now.

A few more housekeeping items:

1. **Coach Boats.** We plan to get all the coaches who are registered out on the water both days. If you were thinking/hoping to bring a coach boat to watch the races, please contact me before the weekend. I am happy to extend the privilege so long as you are willing to take a coach or two with you. This will help ensure that everyone gets equal access.
2. **Withdrawal.** Per [NESSA PR Article L](#) you have up to 48 hours prior to report time to withdraw from a regatta without penalty. That would be 1400 on Thursday Sept 23, 2022. All you need to do is email me with notice prior to that time. After that time, your school goes on probation.
3. **Rules:** The NOR and SI, which will be posted on Wednesday are short b/c many of the rules we sail under in high school sailing are written in other documents referenced in the NOR. Please take a look at these before the regatta. Even if you are a veteran coach, it is good to refresh yourself ever one in a while.
 1. [ISSA Procedural Rules](#)
 2. [NESSA Procedural Rules](#)

3. [ISSA National Championship General Conditions](#)
4. [the Scholastic Dinghy Class Rules](#).

Two areas that cannot be compromised on - USCG Approved PFDs and Pinnies. The penalty for a violation of either rule is hefty and could mean the difference between qualifying and not qualifying for the Cressy. Please come prepared.

Another update with logical information will be sent out once the SIs are posted..

Subject: Healy Trophy Update

Good Morning,
Some Healy Housekeeping.

1. All resume sailors are accepted to this regatta.
2. If your [school is listed](#) in **RED** then your 2022-2023 dues has not been paid yet. That needs to be taken care of asap, preferable today though the [PayPal portal](#). If you school name is in green, dues have been paid.
3. If your [Name](#) is listed in **RED** then your regatta fee has not been paid yet., That needs to be taken care of asap, preferable today though the [PayPal portal](#).
4. Please check that your sailor(s) are entered in your school's roster in the [ISSA directory](#). This will allow me to pull them easily to Tech Score. Again, that should be done today.

Logistics for boat drop off, etc. will come out later this week. Hyannis YC is not equipped to handle boats arriving before noon on Saturday, so please respect their facility and the [ISSA National Championship Regatta Conditions](#) that apply to this district championship regarding practice.

Questions, comments, or concerns? Please let me know.
