

Contact President Biden at the White House

While President Biden has urged Israel to use restraint to protect civilians, he has not effectively used the powers of the presidency to demand that Israel implement a ceasefire.

Action: email president Biden

<https://www.whitehouse.gov/contact>

In the comment section ask him to use all of the powers of his office to demand that Israel participate immediately in a Ceasefire in Gaza. Tens of thousands of Palestinians have been killed and no one is protecting them. We need a Ceasefire now!
