

AP Terms Review

General, Grades 9-12

Assignment Objectives

After completing this assignment, students will:

- Review the terms/definitions/equations they will need to know for their AP exam
- Strengthen their understanding of their AP exam

Teacher Instructions

- Have students complete the table below filling in important terms/dates/equations that they will need to know for their AP exam.
 - This could be done in class, in groups, or as homework.
- Have students start a Live Help Session on Paper for this class by selecting the course's subject tile and then selecting chat with a tutor.
- Instruct students to send the tutor with their chart of completed terms and explain they are working on reviewing and studying these terms.
 - This could be having them go through all the terms at least once or multiple times.
- Have students complete the reflection following their review session. In this reflection students should explain which terms they feel confident on, which they still need more help with, and anything else that stood out for their review sessions.

Ideas for Use

- This assignment can be used to build a routine of review in an AP classroom. You can use this as a way for students to study before a test or a practice exam.
- This review can also be used as a check for understanding following each unit or before students complete a progress check.
- This can be assigned as homework for students to complete on their own. It can be required to be done before an exam. It can also be an optional assignment for students who need more support studying.
- This can be assigned as classwork for students to complete the term sheets in groups and complete the review on their own.

Extensions/Alternatives

- Have students keep adding to this list throughout the semester and periodically studying with a Paper tutor.
- Have students complete this chart and review after a test or exam based on the types of questions that they missed the most.
- You can update this so that students are remembering equations, dates, chronological events, terms, etc.
- You may provide students with the terms or they can come up with their own.
