ORACLE ACADEMY EDUCATORS' DBMS BOOTCAMP (UNILAG 2023)

1 – 31 AUGUST, 2023

NEW HORIZONS Training Certificate on DATA ANALYSIS using
(POWER BI & MS EXCEL)

11 MARCH 2022

REUTERS™

Certificate in Intro to Online Journalism

1 – 3 March 2022

1st FACULTY OF APPLIED SCIENCES CONFERENCE (KDU-I)

29 NOV 2021 – DEC 2, 2021

Biennial Conference Workshop Organized by
Association of Science Laboratory Technologists of Nigeria
(ALSTON)

University of Ibadan, Ibadan

UN Department of Safety & Security

Information Security Awareness–Foundational (NOV 4, 2021)

21 SEPT., 2021

GOOGLE CERTIFICATION IN DIGITAL MARKETING

MAY – SEPT., 2021

FORWARD PROGRAM (Mckinsey & Company, USA)

31 AUGUST 2021

Introducing AI Digital Assistant, Organized by Oracle Academy

International Cybersecurity Institute, UK

ICSI, Certified Network Security Specialist MAY 11, 2020

23 – 25 NOV 2019

Biennial Conference Workshop Organized by
Association of Science Laboratory Technologists of Nigeria
(ALSTON)

University of Ibadan, Ibadan

August 2019

One Day Workshop on Electronics Smart Board Usage in University
Teaching, Organized by Koladaisi University, Ibadan

April 2019

1st Annual Workshop/Training organized by KolaDaisi University,
Ibadan

PROFILE OF MR. ODEJAYI

Experienced Network Administrator in using Mikrotik technology to provide wireless network for internet Connectivity with a demonstrated history of working in the information technology and services industry.

Skilled in Front-end Development, jQuery, Cascading Style Sheets (CSS), JavaScript, and HTML5. Possesses a strong Computing proficiency with a Bachelor's Degree in Computer Science focused in Data Management, DM, Internet Tech, Networking, IT & Cybersecurity from Lead City University, Ibadan, Nigeria with over one decade of practical exposure from the banking, education, consulting and IT fields of human endeavours.

Presently works as a Technologist in the Department of Mathematical & Computing sciences. Where I provide technical assistance to the Final Year Project students, does computing related researches and lectures The Practical craft of Computer Science. Precisely in September 2021 bagged The FORWARD AFRICA Program with MCKINSEY & COMPANY USA in their maiden African Professional flagship Program for young corporate professionals in Africa. There participants were taught how to solve problem using agile innovation-driven method, digital skills, corporate communication, leadership skills and how to proffer innovative solutions to the analyzed problem under consideration.
