Paragraph One 1-13-23

This is great writing!

Here are a couple of things to watch out for:

- 1. Please make sure you put periods (.) at the end of every sentence. This is an important skill for moving up from Level 3 to Level 4.*
- 2. When we talk about something that you started before and are still doing, we need the "present perfect" tense. For example, "I **have lived** in Portland Oregon for twenty years." This means you started living here twenty years ago, and you still live here. We will not be studying present perfect this term, but you should at least remember how to talk about how long you have lived in Portland.*
- 3. When we talk about vacation, we use the preposition "on" - "I go on vacation once a year"*
