The following includes a **representative** cross-section of quotes, memes, posters (opinions) & news+ that are usually politically spun, censored, mischaracterized or otherwise silenced on FAKE Social, Mainstream Media, by Madison Ave, infiltrated corrupt Academia, NGOs, Big Publishing, Big Banking, Monopolistic Multinationals, bought and paid for Government, and/or the “Disinfotainment” establishment, all pushing for a Globalist/One World Govt. and/or the hegemonic tyranny of Talmudic Marxist (theocratic/ideological) dictatorship. This increasingly also shows how Alternative Media is evolving in terms of remedial truth-driven populist and free speech content.

The messenger-RNA vaccines created genetically modified organisms (GMOs) out of every person who volunteered for the shot.

Just as in the agricultural world, each GMO was created for a purpose: wheat that is resistant to rust, corn that is immune to smut, tomatoes that are hard when ripe so as to be shippable.

WHAT. YOU MAY ASK, WAS THE PURPOSE OF CHANGING HUMANS TO GENETICALLY MODIFIED ORGANISMS? Many "conspiracy theorists" have opined that the purpose was to decimate the world's population by poisoning the recipients. GENE-O-CIDE.

Well, they were right. And still, they were wrong in a high impact way.

The deaths thus far are only a welcome happenstance for the depopulation kabal. A beginning of sorts. AIDS, CANCER, RSV.

The lipid nanoparticles have debilitated immune systems in millions of persons by releasing spike protein synthesis mechanisms.

However, the vaccines also contained other ruination-filled lipid nanoparticles that have yet to be popped to release their payloads. ALREADY LYING THERE, DORMANT, NOT YET ACTIVATED.

The menu also includes particles with Marburg+Ebola, and several other unimaginably horrible similar plagues.

These lipid nanoparticles were invented by Justin Trudeau's company named Acuity.

Their most interesting trait is that when they are exposed to microwave radiation at the frequency of 18gigahertz, they swell, becoming porous so as to release their payload of plagues.

As you may have been made aware by your family conspiracy theorist, those ubiquitous new 5G broadcast towers are set up to broadcast at 18gigahertz. On command.

As you have already guessed, "they" can call up and order a pulsed broadcast of 18G-hz, to kill all the GMO's which have the dormant lipid nanoparticles that just popped like soda bubbles.

And as terrifyingly horrible as that is--and yes, it certainly is--- it gets much much worse!

Remember our discussion of the purpose for creating a GMO? Well, in this case, the purpose was not so shortsighted as to kill another 3 million people, expendable GMOs though they may be.

No! The nanoparticles release the mRNA that will commandeer the body's cells *TO PRODUCE THE ACTUAL MARBURG OR EBOLA PATHOGENS, WHICH CAN THEN BE SHED TO INFECT EVEN UNVACCINATED PERSONS.*

AN EPIDEMIOLOGICAL AVALANCHE.

WHY SETTLE FOR 3 MILLION DECEASED WHEN IT COULD BE 3 BILLION???

The King James Version of the New Testament

The King James version of the New Testament was completed in 1611 by 8 members of the Church of England.

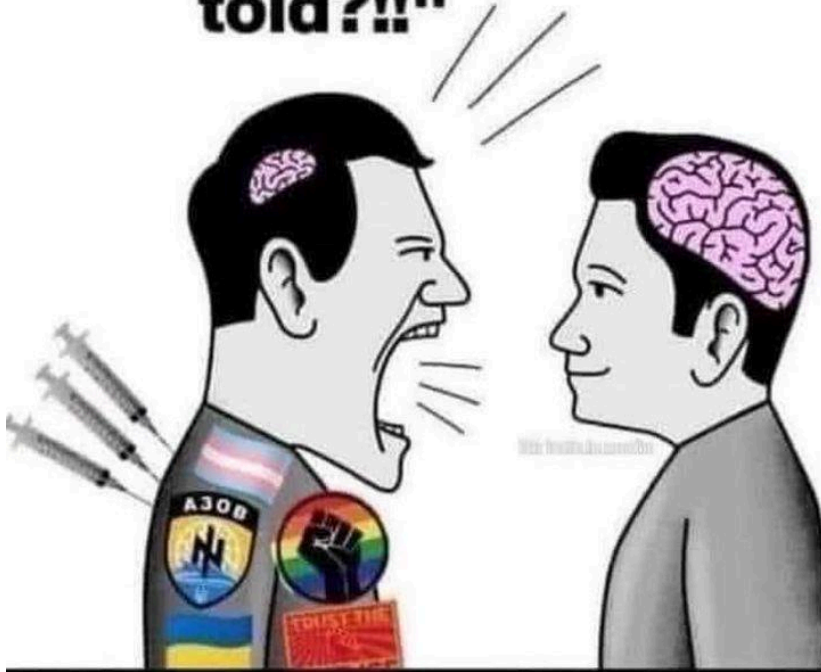

There were (and still are) no original texts to translate. The oldest manuscripts we have were written down hundreds of years after the last apostle died. There are over 8,000 of these old manuscripts, with no two alike.

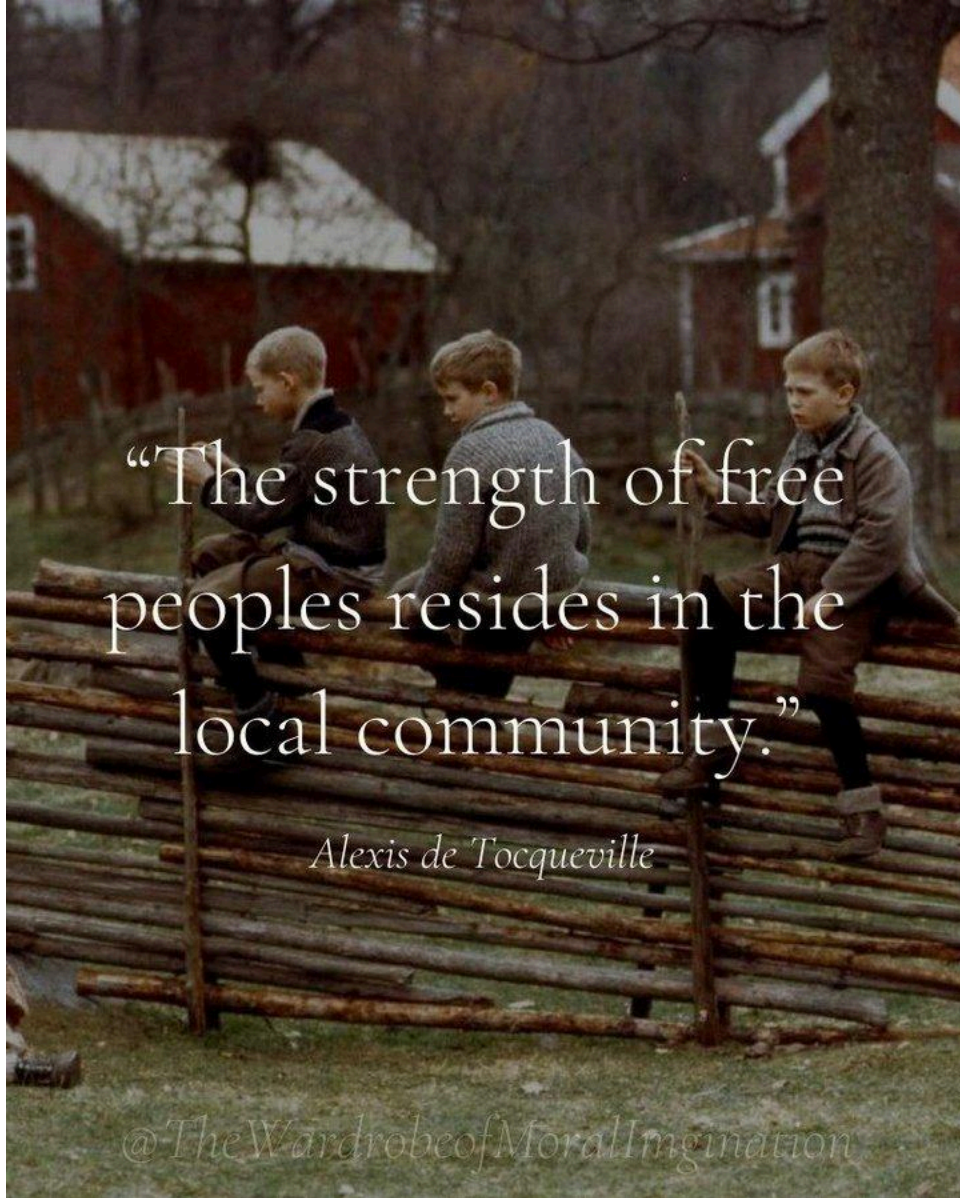

The King James translators used none of these, anyway. Instead, they edited previous translations to create a version their king and Parliament would approve.

So, 21st Century Christians believe the "Word of God" is a book edited in the 17th Century from 16th Century translations of 8,000 contradictory copies of 4th Century scrolls that claim to be copies of lost letters written in the 1st Century.

That's not faith. That's insanity.

"What's Behind the 'Antisemitism' Epithet"

(newest first) latest update 12/28/22

... is a representative cross-section of mostly uncensored "Antisemitic" Alternative Media submissions regarding Jews, Jewish influence, Zionism, Judea, or Greater & Lesser Israel. Up until recently, there was a Facebook group by the same title that has repeatedly been censored, erased, and blocked by Facebook. Apparently even an open summation of "Antisemitism" examples as found even on FB and other FAKE Social Media platforms too are substantially censored and otherwise impermissible across the length and width of the greater FAKE Media News, Big Tech and 'Disinfotainment' establishment. Therefore this section was created because there clearly has been a major uptick in "Antisemitic" submissions in the last year and more that we should all be aware of.

How is a bug's life less precious in the greater scheme of nature's food chain than any other creature? At least we should be thankful that she identifies as a bug-eating critter rather than a human, I guess.

Zelenskyy, BlackRock CEO Fink agree to coordinate Ukraine investment

- BlackRock Financial Markets Advisory and the Ukrainian Ministry of Economy signed a memorandum of understanding in November.
- Zelenskyy and Fink agreed Wednesday to "focus in the near term on coordinating the efforts of all potential investors and participants in the reconstruction of our country, channelling investment into the most relevant and impactful sectors of the Ukrainian economy."

Volodymyr Zelenskyy, Ukraine's president, meets with US President Joe Biden in the Oval Office of the White House in Washington, DC, US, on Wednesday, Dec. 21, 2022.

USDA is asking people to register vegetable gardens for a national database.

(This is the equivalent of the FDA asking if we have been VAXXED or not for their database. ... or the FBI asking if you have firearms, for their database. History instructs us to run from this, don't just walk!)

The true patriot is motivated by a sense of responsibility and out of self interest for himself, his family, and the future of his country to resist government abuse of power. He rejects the notion that patriotism means obedience to the state.

The Jewish mainstream media told you the CIA was behind JFKs assassination while never once mentioning Mossad's role or JFKs plan to shut down Israel's nukes. Nor do they

mention Jack Ruby was a Jewish mobster named Jacob Rubenstein who killed Lee Harvey Oswald. There are still 4,400 documents they are withholding.

<https://nypost.com/2022/12/15/national-archives-releases-13000-jfk-assassination-files/>

In total, 13,173 new files were made public Thursday, the largest release of JFK assassination material since 2018.

Approximately 4,400 documents are still being withheld "to protect against an identifiable harm to the military defense, intelligence operations, law enforcement, or the conduct of foreign relations that is of such gravity that it outweighs the public interest in disclosure," the White House said.

The MUSK dilemma!

Is Musk the "Trump of Twitter"? He is rocking the establishment boat, bringing the skeletons out of the closet. Just like Trump, Musk is too rich to be bought off and too important to be ignored, so he is being attacked in an attempt to intimidate him and, like Trump, the attacks are only emboldening him and making him double down.

And, just like Trump, I think Musk is enjoying watching people lose their minds over what he is doing.

all the human suffering from; covid health care control, censorship information control, energy control, money control, food control, judicial control, etc. all is from globalist cabal manipulation to cause it to happen for the benefit of the globalists and their agenda. centralized control is only greater abuse of the 99%. socialism maximizes the abuse of the 99%. to solve the problems look to who profits, not who suffers. to solve the problems eliminate the globalists and their centralized control of everything.

kill all the globalists to save humanity. the globalists agenda is genocide, and slavery for the 99%.

Climate Change Lockdowns disguised as 15 Minute Cities under the UN Agenda 2030

REDPILLCONSPIRACY.SUBSTACK.COM

Your Government is pushing ahead with plans to bring 15-minute cities to a location near you. They are a brainchild of the UNs Agenda 2030, and are in effect Climate Change lockdowns. And once combined with a digital ID, a carbon credit score and a programmable central bank digital currency (CBDC) token, youve got the perfect recipe for creating a digital open-air prison.
