## Companion Stone Merging

- How do I make a purchase?

Comment in #orens-forge in the Discord stating what you'd like to buy!  
(Make sure to update the bank if you're paying with stored Capella/Ringel!)

- I'd like Oren's help combining my Companion Stone with a weapon!

Then you need to go to his personal hearth and [ask him how he can help!](#)

- How much does it cost to combine my Companion Stone with a weapon?

Oren charges 10 Capella (or 1 Ringel).

- Can I combine my Companion Stone with something *other* than a weapon?

Yes, but Oren will charge you 15 Capella! (*That's far more delicate than weapon work!*)

- Any other requirements for combining my Companion Stone?

Nope! But be sure to draw what your newfound piece looks like! *We want to see!*
