SOUND

Self Engineered:

For most shows, we prefer to self engineer via our XR18 on stage. We like for 1 staff from the venue/production to be on hand to assist with load in, where power points are, possibly help with cabling/setup, show us where to plug into the venue system (if applicable), to run the basic light show & to act as a stage manager for us. But we run the sound from our side.

FOH system:

A quality front of house audio system should be provided to suit the venue and be capable of delivering clear, clean undistorted coverage from 20Hz to 20,000Hz. Or, organised that the Steampunk Orchestra will provide their own. If we need to bring our own FOH system, we need to know ahead of time.

Monitors:

Ideally the venue will provide 4-6 high quality monitors, or let us know ahead of time that we need to bring ours, in which case we bring our own active monitors. If the venue monitors are passive, then we will need to be able to send 4-6 separate aux mixes to each monitor. If the venue monitors are active, then we will go DI to these.

Mics Stands/Drum Mics/DI's:

Venue to please provide all microphones, microphone stands and DI's with the exception of the vocal microphone that the band **will provide**. Or, organised that the Steampunk Orchestra will provide their drum mics & DI's.

Backline:

All backline, drums and instruments will be provided by the band.

CHANNEL LIST

Engineered by Steampunk Orchestra. But ideally mics, cables & stands provided by venue.

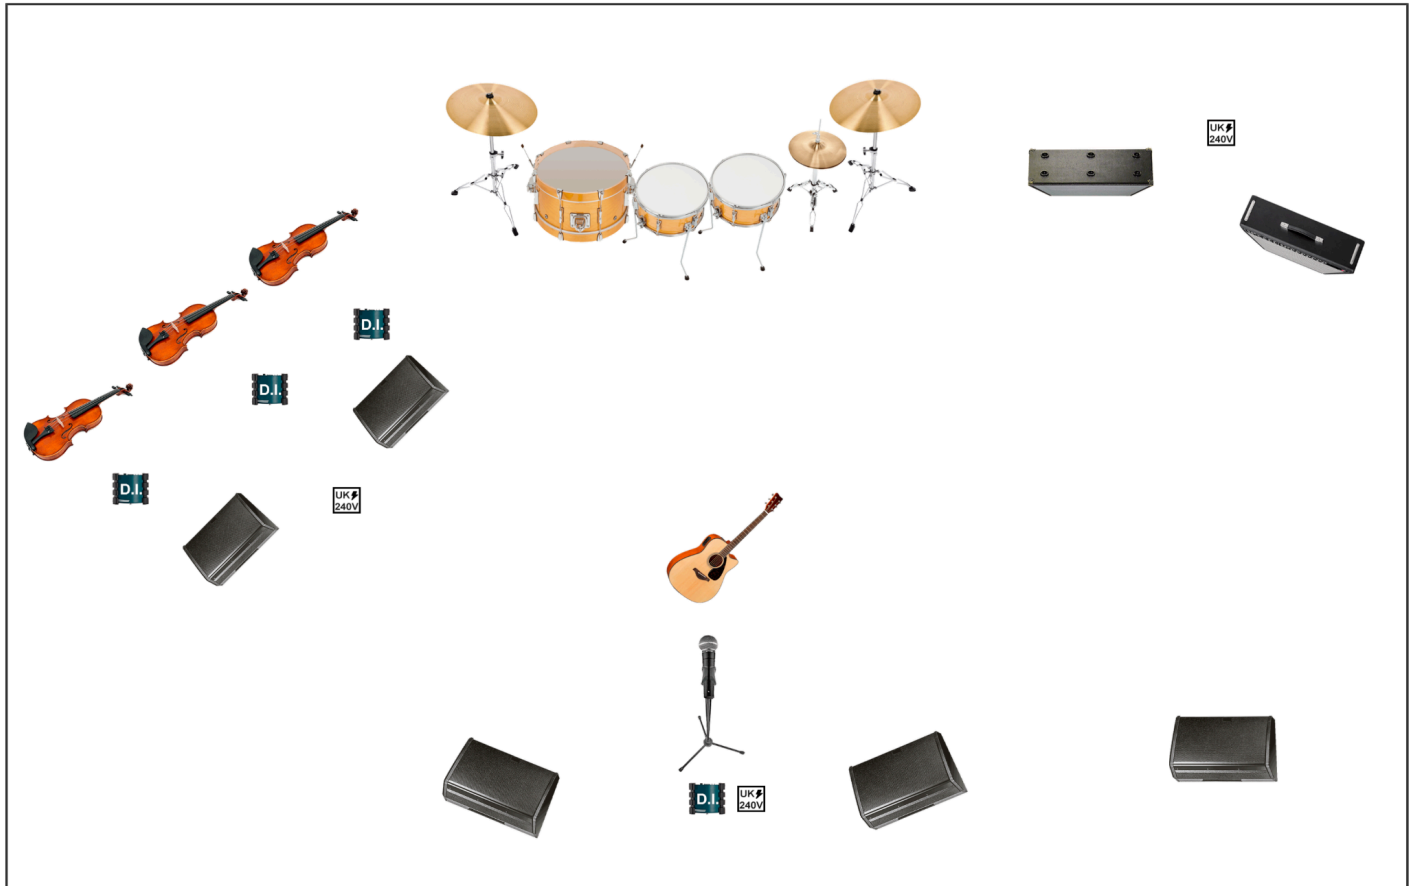

INPUT CHANNEL	MIC / DI	STAND
1 - Standing Kick drum	Mic	Tall boom
2 - Tom 1	Mic	Rim clip
3 - Tom 2	Mic	Rim clip
4 - Overhead L	Mic	Tall boom
5 - Overhead R	Mic	Tall boom
6 - Bass	DI (XLR out of bass amp)	N/A
7 - Electric Guitar	Mic	Short boom
8 - Acoustic Guitar	DI (XLR out of pedalboard)	N/A
9 - Violin 1	DI	N/A
10 - Violin 2	DI	N/A
11 - Vocal	Sontronics Corona (band to provide)	Straight tall round base

ADDITIONAL IF BOOKED/PLANNED

MIX OF 1, 2, 3, OR ALL 4

12 - Violin 3	DI	N/A
13 - French Horn	DI	N/A

STAGE PLOT

LIGHTING

Venue lights:

Venue to please provide an in house lighting technician, or agreed that the Steampunk Orchestra will operate the FOH lighting or organise their own FOH lighting technician.
