Literacy Task Force of Wisconsin

Lunch & Lead Conversations
Fall 2022 Series

WI Reads | The Literacy Task Force of Wisconsin (LTFW) invites you to join us for Lunch & Lead Conversations - a series of monthly virtual conversations with literacy leaders from around the country and Wisconsin. If you are interested in learning more about analyzing your district's systems, structures, and use of evidenced based practices, this series is for you.

> *According to the National Association of Educational Progress, Wisconsin's students are 34% BELOW basic in their reading skills. This means that one in three students will have sub-literacy skills with weak fluency and word recognition. Our mission is to connect you with leadership experts that have demonstrated systems changes in their schools or districts, to begin productive conversations about literacy in Wisconsin.*

Lunch & Lead conversations are hosted on Zoom. Attendees must register in advance. Click here to register today! Registrants will receive a confirmation email containing information about joining. Lunch & Lead Conversations, intentionally designed to accommodate busy schedules, are on the last Friday of each month from 1:00-1:45 PM CST. Recordings will be sent to registrants via email following each meeting. Attend and view as you are able.

Lunch & Lead Conversations Spring 2022 Schedule | Last Friday of the Month - 01:00-1:45 PM CST
