Key terms

Groomer: Someone who seeks to build trusting relationships and interactions with minors with the goal of making them a sexual asset, in this case for example; for ERP.

Potential groomer: Someone who is suspected or under duress for *Potentially* seeking the ends specified above, potentially seeking in minors sexual assets.

Enabler: Someone who without ill intent fosters *grooming* and *enables groomers* or *potential groomers* and *potential grooming*. An example of a perceived *enabler* would be someone who under duress bans or reports someone for making a document reporting someone for potential grooming, the cited rule being also an enabling rule.

Accomplice: Someone who deliberately and *knowingly* encovers and continues to *enable* a potential groomer after being reported and/or suspected or aids them in any other manner. An example of this would be disregarding reports or lessening punishments from a position of power in favor of a *potential groomer*.

Preface

by unlas

On the 05/26 of this year, Surishen, Drengyr's boyfriend, had a **very serious incident** with a minor which was promptly

concealed by Drengyr, saving Surishen from a ban.

This was later found out and exposed (around the end of October) by a group of concerned prominent risk members including Fleug, Maze, Gamerguy, Smokedoublechee, Cita and a few others. They uploaded a document ([link](#)) and a video ([link](#)) that focused on Drengyr online dating Surishen, pointing out that, at the time, Surishen was 17. They sought to highlight the potential biases within the administration, derived from their online relationship. The document and video also highlighted Drengyr's intervention to prevent Surishen's ban.

After they posted the document and video, the "*Directorate*" decided to ban them all on the 29/10 of this year (except Fleug, who recanted) and forbade the document from being spread under penalty of a permanent unappealable bans.

This absurd and blatant abuse of power meant that Surishen would not be questioned (and certainly never punished) for any potential perversities. Hence I considered myself duty bound, in your absence, to mobilize a large part of the community against this and reconverted and advertised my server offering genuine cash rewards to anyone willing to provide information either about the grooming or the groomer. Multiple members made another brief document which was also banned by the directorate.

This, one may seek to use, in an attempt to damage the impartiality of **this report** or the reputation of its authors, but I guarantee that what such rewards sought to accomplish was for Surishen to leave Risk if he was not investigated, given that there was a predisposition to cover his potential wrongdoings by the upper administration.

I have, though, reconsidered. Having been advised against being a source of sympathy for a groomer, I have instead decided to make a detailed report for when you return from your current endeavors, so that you may see the truth of this situation. The "report" is formatted in a manner in which, petitions from me and bloodrumors, are attached to simple context and then linked to proof within this document.

Petitions

1. The first petition posed, under the context that **Surishen**, *first*, has displayed attitudes and comments, sexual in nature, which are **inconsistent with safety** of the community ([1](#)), including revelatory conversations about the age of consent, *second*, a **myriad of sexual comments** within the Riskord and out ([2](#)) and third, has had an intentional and inexcusable, intentionally sexual interaction with a **14 year old** ([3](#)). His age, due to his own conflicting statements and claims, is somewhat contentious, but by his own claims, **at least 18** and 17 at the time of the interaction with the minor. Given these precedents, it is sufficiently clear that Surishen is ***very much potentially dangerous***, it not being a stretch to consider him a ***groomer*** when judging from the only possible intent of the "{get} in my bed" interaction (or from his public comments), as such, this interaction with a minor by surishen should be deemed an ***attempt at grooming***.
Given the context, we beseech you that Surishen be **removed from the community** banned from this community, as is necessary when dealing with an individual that has engaged in such sexually suggestive interactions with minors, and is such an inexcusably and publicly sexual person, within the context of him having a position of authority in a community comprised mostly of minors.
2. Surishen is unequivocally tied to **Drengyr** and vice versa. He began **ODing (online dating)** ([1](#)) Surishen and introduced him to the staff team, and intervened in an unacceptable manner to prevent Surishen's ban for grooming ([2](#)). It goes without saying that this is not the behavior expected from a director. His actions are self interested and malicious and he has abused his roles in favor of a ***groomer***, whom he is ODing with and hence the only conclusion, is that he, as the first and foremost ***accomplice*** and confidant of Surishen, **be deprived of his roles** as Riskord Commissioner and Director and banned for ODing. We believe that **all the rest ignored**, just the fact that **he has**

online dated a Risk member, with all nepotistic implications, should be sufficient to warrant and **make his removal from the community a necessity.**

Yanranay as a direct *accomplice* to Drengyr and Surishen in the **initial intervention** and afterwards, has proven himself compromised and **incapable to impartially hold the role of Director.** *Surrealcactus* also participated in baling Surishen out.

3. We believe that **the entirety of the “Directorate”**, that is, **Hellablu, Classicalistic, Drengyr and Yanranay**, are liable at a *very important degree* of conspiracy and more generally of complicitness with Drengyr and Surishen, if not Surishen directly. There has been **arbitrary and malicious admin abuse** by all four relating to the Surishen affair, if not direct involvement. I am convinced that this involvement, *in most parts*, is **malicious in nature**, seeking to contain the initial document at any cost. This **guilt is collective**, as the *draconian* management of the situation with Surishen was **unanimous**.

See the extent of the **collective involvement** of *the directorate* in the handling of the situation and the initial document. ([1](#))

The management of the situation was *not just irresponsible and negligent*; **it was malicious** and completely **irrespective** of whether there **was or wasn’t any grooming** or any other infraction (on either side) and concerned only with the **reputation of Drengyr and Surishen**, defending it by any measure through the concealment of the issues described in this document, whoever needed to be banned for this end being irrelevant; deliberately creating a **chilling effect**. These actions, we believe, speak for themselves, and carry the only conclusion that the **“directorate” as a whole** is responsible for these abhorrent acts previously shown, and as such anathema to any realistic standard for the role.

4. It is by now obvious that **Rhettal** and *other members of the chat staff* were also involved in this **whitewashing of a groomer and draconian punishments**, and after this document was made public, in attempting to punish people for discussing or sharing it and intentionally **seeking to diminish its visibility**. Other such people involved would be **SirAlbertBarnett** and several chat administrators. We consider it precise, hence, that they also be held *accountable* as enablers within this affair, more maliciously doing so after the release of this document. Evidence found in the previous petition. **PembrokeWelshCorgi** is also notoriously involved with Drengyr and Surishen and acted as a **frontman** multiple times for them. Even demoting the people who reported Surishen himself.
5. The fourth petition posed is that the prominent **members banned or demoted** as a result of the actions of the directorate and specially those involved in the first document be **unbanned or repromoted**, and **recognized for making an effort** to see user safety in risk restored when the **maximum authority** in Risk was **working against them with ill-intentions**.

- 5.1. *smokedoublechee*
- 5.2. *dr.maze2*
- 5.3. *thvgmasterultra (cita)*
- 5.4. *gamerguy*
- 5.5. *archerkb*
among others...

These members were demoted as a result of participating in making the first document by the Directors (and *PembrokeWelshCorgi*) mentioned above and we implore you that you restitute them and recognize their effort at seeking to make the Riskord safer even at the expense of being banned, simply for looking into the issue, and not recanting or being intimidated as Fleug was.

Propositions

Following the spirit of the document, we extend multiple proposals to ensure that a situation like this does not happen again.

1. Our first and most obvious proposal is that “Rule 3.2” which forbids any accusations against *potential groomers*, be completely removed. This rule has been used as a pretext to **immediately ban** people who came out with evidence of Grooming in cases such as **Cheeseguy**, **Quccifer** and **Bulgarski**. The presupposition that people should report groomers in silence is absurd and an affront against transparency which for these matters, is needed more than anywhere else. It is also worth noting that this rule is being applied generally, to accusations made in private too. There is no defense for this rule as something other than an instrument to enable grooming, granted that an accusation is not sufficient to constitute harassment.
2. Assuming that it is not banned already as is customary in Roblox communities, we beseech you that you reaffirm a ban on **ODing** which has led to this shameful and inappropriate situation. Online dating has never and should never be accepted - the fact that it is being whitewashed in the case of Drengyr & Surishen is disgusting and sets a bad example for the future.

Final remarks

Throughout this document, it is well established that the directorate as a collective body, willingly associated with a groomer, has made itself responsible for all of that would be, otherwise, the fault of Surishen and Drengyr. It the duty of directors to prevent grooming and exempt potential groomers from positions of authority, and I highlight once again that not only have they failed to do this, but they have done the complete opposite of what was owed and fostered grooming and defended a groomer against even the most moderate accusations of nepotism and privilege. I insist that this issue has gone buried for 6 months and upon exposure was met with the **largest chilling effect in the history of Risk**. With this diagnosis, it can not be untrue to claim that no directorate at all would have been more beneficial to Risk than having this directorate act in the way it has. The directorate has decided to take this obscene position collectively and as thus they must answer collectively.

What should I do after reading this Document?

I invite everyone to make their thoughts known to Amnity and if it is of their volition to resign due to this affair, they have my full support.

我会张开嘴巴，大口大口的啃下你身上巨大的胸膛。接着我会把身后的菊花张开，让你用那庞大的屠龙大屦刺穿我。直到花儿都谢了，直到我房间黏糊糊的，直到你的精液从我身后冲向我的食道，从我喉咙冒出来。直到我血脉里流着的血液都成了你的精液。直到我大声地嗷嗷叫，让我不亦乐乎。

I will open my mouth and take big bites of your huge breasts. Then I will open my anus behind me and let you impale me with that huge dragon-slaying eagle. Until the flowers fade, until my room becomes sticky, until your semen rushes from behind me toward my esophagus and out of my throat. Until the blood flowing in my veins becomes your semen. Until I howled loudly, which made me very happy.

Grooming

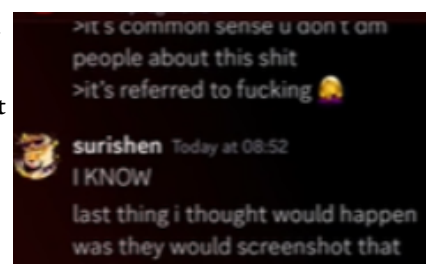

Somewhere around 05/26/2024 Asillyfella:3 (14yr old) began posting screenshots in general which showed that Surishen had sent him sexually suggestive messages.

The Screenshots show him speaking to Asillyfella:3 who at the time was 14 years old, this is a user he had met in-game and was easily identifiable as underage by his mannerisms. In these screenshots he tells him to "Come chill with me when you are done ;3" and when asked where, he replies "my bed duh!". Roughly 2 minutes after saying that and receiving no reciprocation he says "nah jk" and tries to steer back the conversation. Surishen was a moderator at this time, and in a relationship with Drengyr.

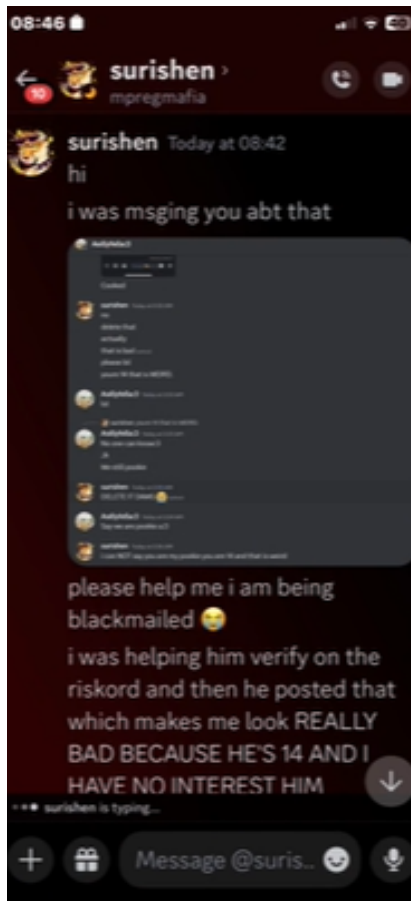

When questioned, the context Surishen provided was the following [\(full\)](#):

1. That he met asillyfella in game, an absolutely clueless and new player, and both taught him the game and introduced him to the discord.
2. That he "did not know" the minor was such, despite the mannerism that could be afforded to one in Roblox, and despite taking no interest in his age, before and after the sexual comment, only asking him when the minor explicitly says he is in middle school. (I would say it is likely he is younger than fourteen.) NOTE: I am unsure if this is consistent at all since in the screenshot where he reveals his age, asillyfella:3 asks how to verify (which in theory was done before the sexual comment), hence surishen might as well have known his age.
3. Since the minor repeatedly asks him whether "we are still pookie" which may point at Surishen previously using such "weird" terms (according to Surishen himself) in-game or prior in the conversation.
4. That the comment was (in his opinion) "Not even a weird joke" and that it was simply common sarcasm (despite the question of "in what" being perfectly reasonable). He then repeatedly says IT WAS NOT A JOKE again.
5. After the chat moderator which was dealing with this issue chastises him and tells him that this is not normal under any context, Surishen acquiesces, and says that **his regret is that a screenshot was taken by the minor and that it was shared**. He also claims that he was being professional despite the comment, despite claiming that the "joke" was due to him being socially comfortable 🧑.

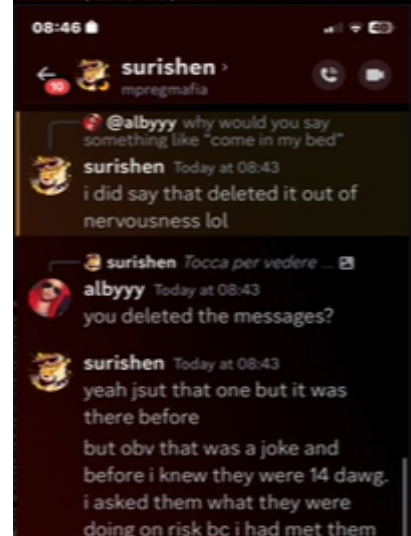

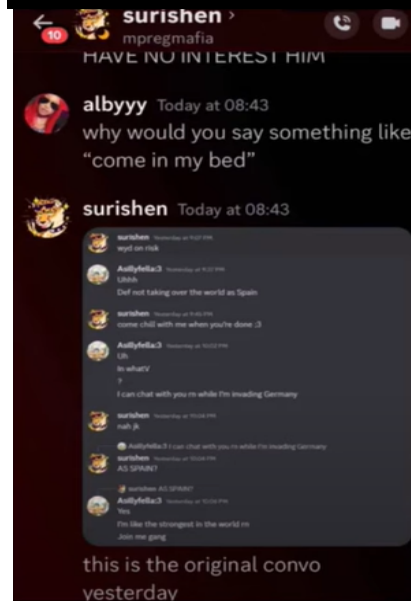

For these findings, the chat moderator decides to initiate a vote to ban Surishen, as this was clearly an attempt at grooming, from a position of authority within risk, or at the minimum a weirdo which posed a risk sufficient to consider a ban. [Drengyr does not allow this vote to take place.](#)

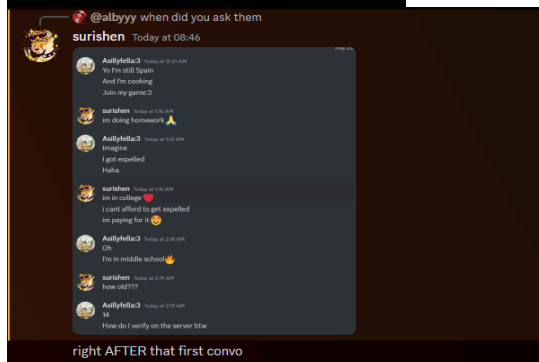

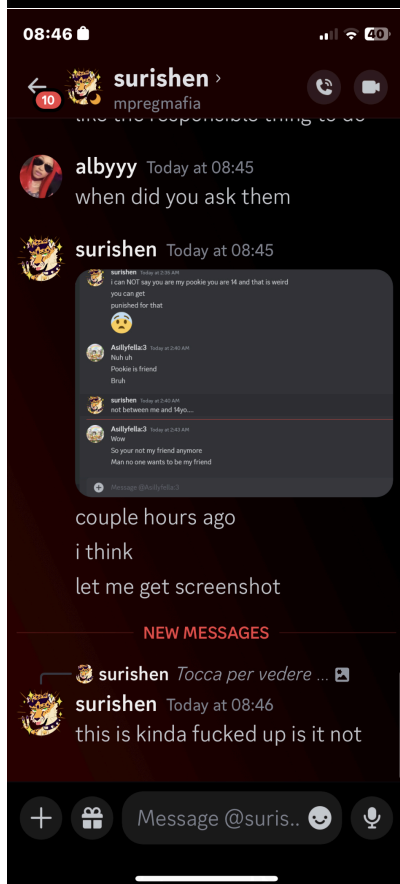

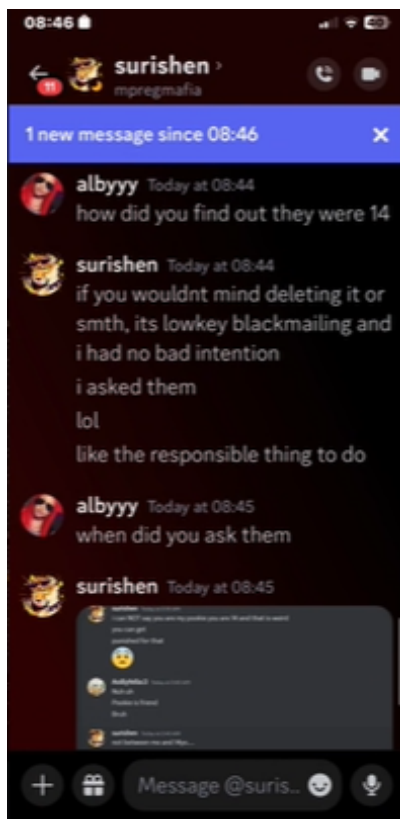

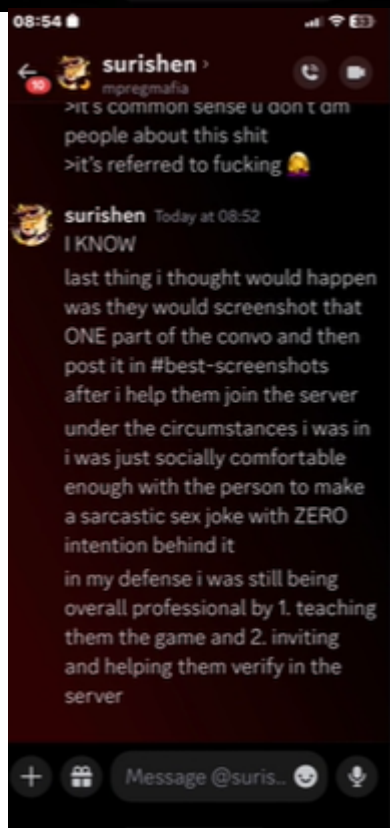

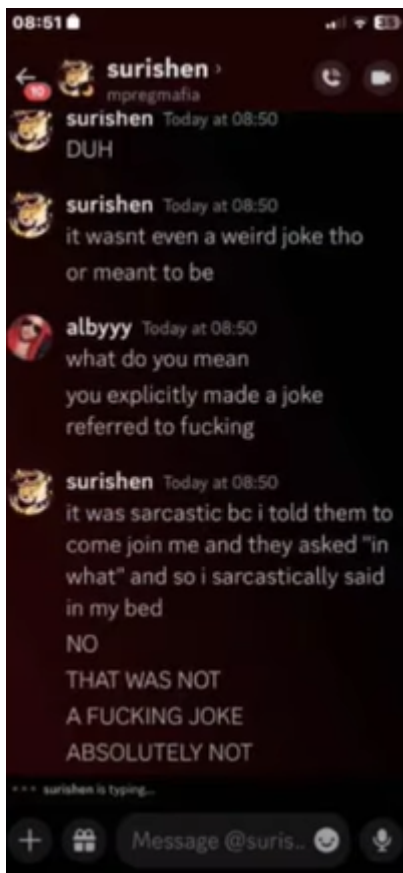

Imgs

The Conversation is roughly reconstructed chronologically.

Grooming/Dren

On 05/26/2024 after the events detailed on [the previous page](#) a vote was made by the moderator who dealt with the issue, after posting all of the evidence, with initial unanimity in riskord-club.

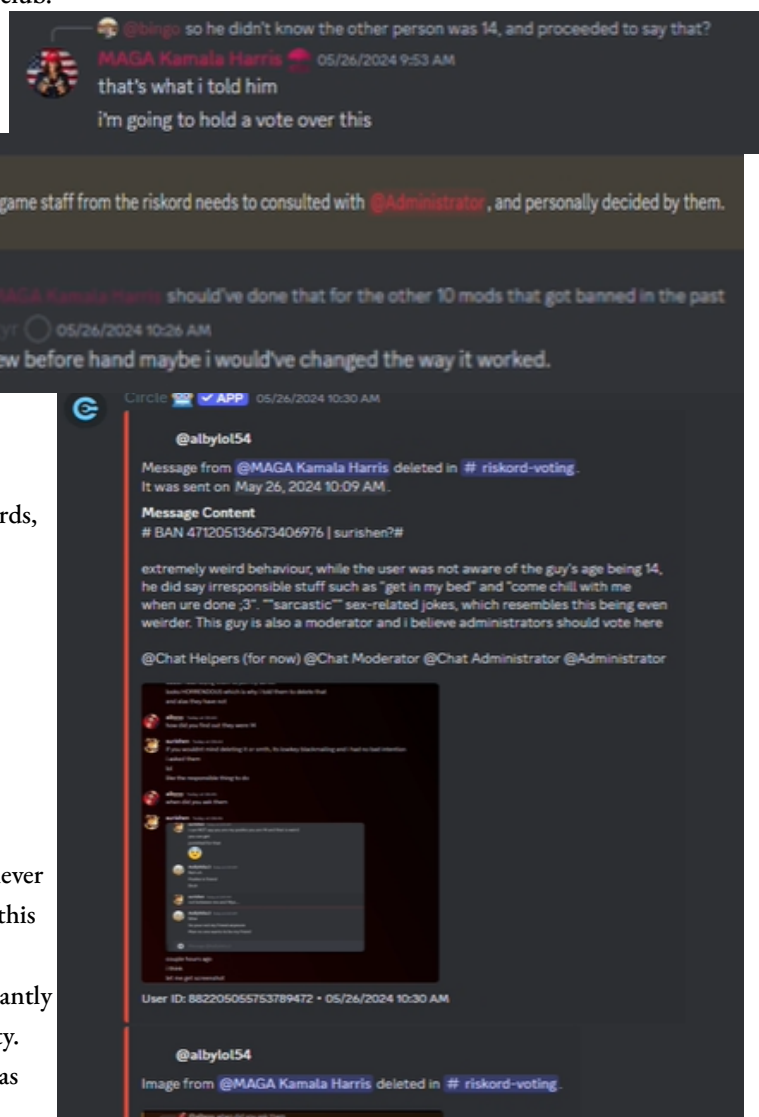

Drengyr immediately appeared and announced, **on the spot** and in staunch coincidence with **his E-boyfriend being reported**, that any sort of game staff were henceforth out of the bounds of chat staff and beyond their criteria, only being decided by the administration, the vote being deleted shortly after. Just the fact that he did this is sufficiently obscene but his takes and excuses on the situation are worse.

Then a conversation ensued between him and the moderator in Riskord club. **Yanranay** and **Surrealcactus** joined shortly afterwards, both known friends of Drengyr and one of them, unfortunately, another Director.

[See for yourself:](#)

The main takeaways from the conversation, in summary, are the following:

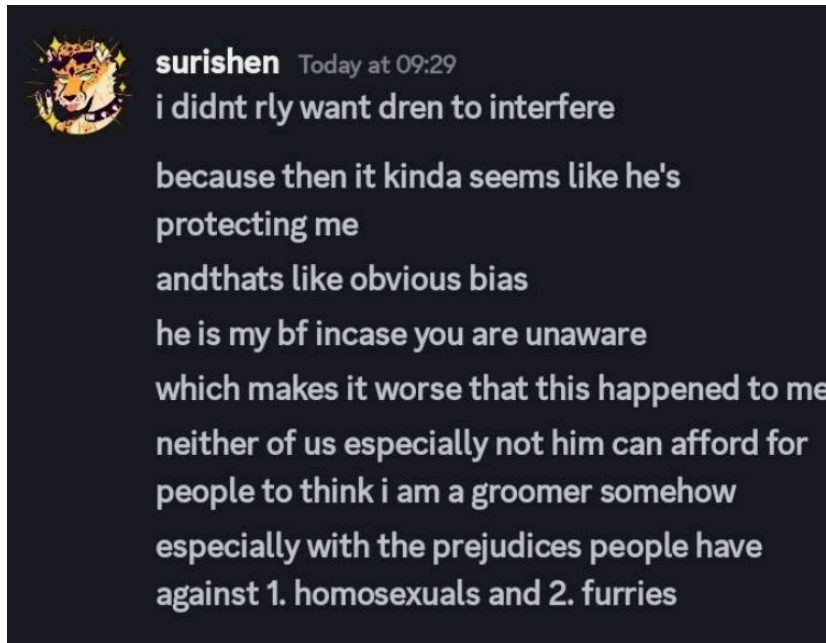

1. Drengyr repeatedly refers to Surishen as “*the mod*” and never reveals any sort of attachment to him, concealing that at this point and before they were already ODing. See other comments like “*Worth losing a mod for*”. Drengyr is blatantly biased and has no position to give an image of impartiality.
2. Drengyr is repeatedly aggressive towards the mod who was handling this affair and insults him. If one reads the conversation he will see that this reports only to the mod responding with good arguments.
3. Drengyr makes it a point to deliberately lessen the gravity of the interaction by claiming that **Surishen was friends with the minor** which was blatantly false and completely oblivious to Surishen’s own claims (that he picked up this person from risk public). He even goes as far as to implicitly claim that if they are talking about things that are unrelated to Risk, it is beyond Alby’s care, insulting him too.
4. **Yanranay** appears shortly after Drengyr despite not usually weighing in on these matters. His comments throughout the discussion are constantly directed at pointing out how “you are thinking too much about this” and “you don’t have authority to decide on this” to the moderator. **Surrealcactus’** intervention is lesser but still along these lines and no doubt, with the same intent. Both of these should be considered **accomplices to Drengyr** and by extension, Surishen. **NOTE:** Surrealcactus later banned the minor who reported Surishen allegedly for sending gore to Surishen.
5. Drengyr says “but he is not a groomer” multiple times along with Surrealcactus. Surishen also states multiple times that the screenshots make him look like a groomer in other sections. This is despite Alby never claiming directly he was a groomer and starting the ban vote solely based on the bizarre, sexual interaction which he was calling “weird”. There is a saying in latin: **Excusatio non petita, accusatio manifesta**. Meaning that when an excuse is given when none has been asked for, one has accused himself. “Groomer” is never mentioned by Alby or

anyone within this issue except for Drengyr, Surreal and Surishen himself. That is because the affair spoke for itself.

6. **The moderator** points out how blatantly stupid the sporadic and **on-spot rule change**, which was done merely to favor **his boyfriend**, and is rebuked by both Drengyr and Yanranay for this. Drengyr admits that he changed the way it worked in the 3rd image in this section.
7. Drengyr ignores the would-be ban and compromises only on giving **his E-boyfriend** a negative observation and “drilling him in dms”. I do not think I have to elaborate anymore on this because the implications are obvious and no argument is needed. Add onto this how he treats the moderator who was concerned with this. Drengyr’s actions were malicious and anything but impartial.

The situation ended here and was very quietly buried until Fleug’s group picked up upon it (they were all banned)..

NOTE: The display looks wacky but Fleug has publicly stated this image is not doctored.

Imgs.

Since Surishen has said in public that “Drengyr is not his E-boyfriend”(i.e. lied):

-  **Duncan** I assumed that you didnt date them
-  **Drengyr** [REDACTED]
No I do have a close relationship with them, more platonic than anything, but I've abstained from being involved with them on risk
Abstained from everything about that
lazy to find screenshots of me abstaining but head admins noticed it
-  **Ferris** 11/4/2024
Ok but then also they brought up that you two e dated and they said they have evidence of that, so couldn't one say you're being biased?

Thats why I've largely left most of the investigation up to the other directors, and if they wish to punish surishen further it can be decided by them [@Ferris](#)
I dont want to be biased for surishen or plan to ever be biased for them

He has not abstained. Since when is ODing allowed in Risk?

Directors

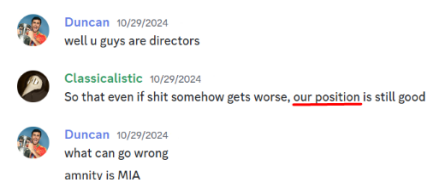

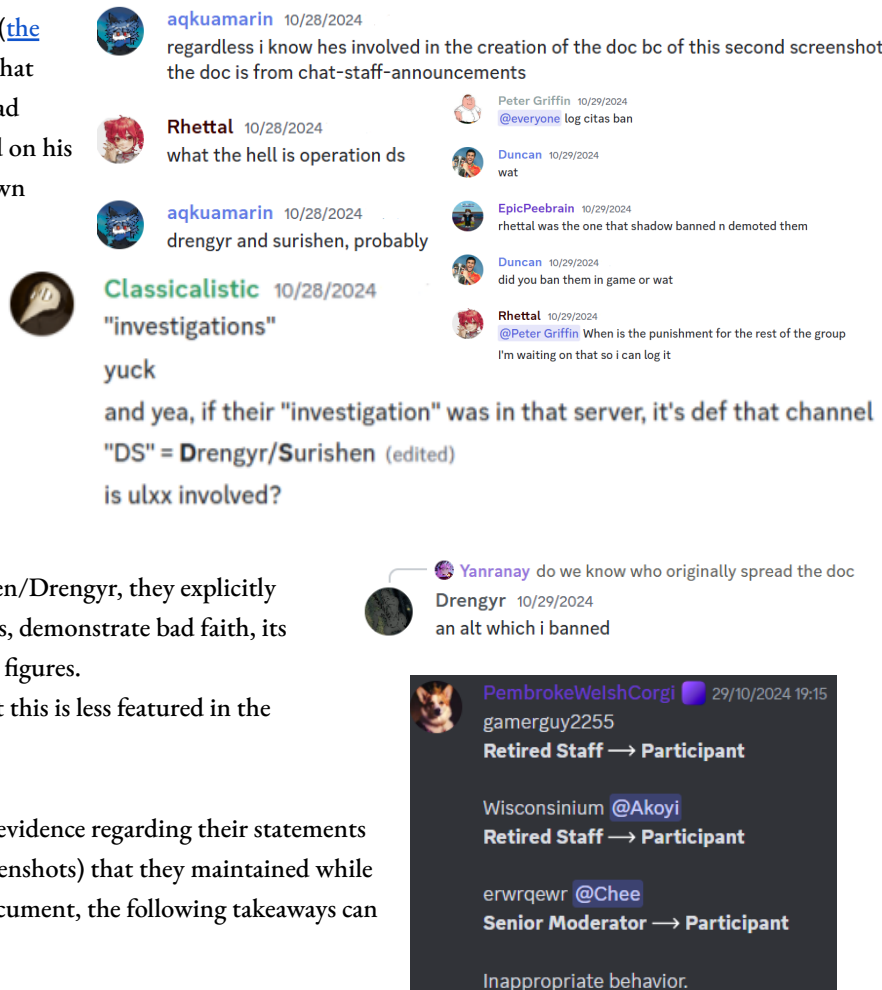

On the 28/10, Cita joined on an alt to post his findings ([the original document](#)) on the Riskord and make it known that Drengyr was **online-dating a Risk staff member** and had inducted him into the administration, having intervened on his behalf, to stop him getting banned for grooming, as shown above.

Subsequently, the alt and Cita were banned and in the following conversations, the decision was taken to ban anyone involved with investigating Drengyr or Surishen. **All four directors** participated in suppressing this document and banning multiple people, shadow-banning them, for **the only crime of investigating Surishen**. They called this “harassment” or “spreading rumors”- When they carpet banned the original players who participated in investigating Surishen/Drengyr, they explicitly referred to these bans as “kill-lists”, the use of such words, demonstrate bad faith, its almost as if they are trying to larp as Stalin or other such figures. I later posted another document, but conversation about this is less featured in the screenshots.

Throughout the conversations ([see](#). EDIT: I have added evidence regarding their statements after the leak of this document, after the light mode screenshots) that they maintained while managing the Surishen affair, specifically the original document, the following takeaways can be found from the interventions of all directors:

1. Inherent and complete **disinterest in any possible infractions by Surishen** or Drengyr that the initial and the latter document both documented and sought to report. This is superficially mentioned by Drengyr to give an air of impartiality, but no action is taken.
2. An absurdly large interest in **avoiding any sort of exposure** of the topic from all of them to the point of unwillingness to do anything that would garner any public attention, including punishing Surishen. This is most prominently seen in Classicalistic, who was most active, and Yanranay. Hellablu acts with more disregard and vehemence but still claims that he would not take any action against Surishen if it involved public knowledge (referring to screenshots with pedophilic connotations). The truth of this is such, that in the original conversation one can very clearly see that most of it is about potential exposure and public knowledge or repercussions rather than anything else. Examples of these are constant mentions of shadow bans and demotions.
3. Constant **mentions by all directors**, majorly from Classicalistic, of plural terms such as “*our position*”, this specific phrasing demonstrates that they are unequivocally united with Drengyr (and by extension, Surishen), regardless of any evidence that would have come to light. Their position is not to find the truth, it is to protect themselves, as a united group, by burying all information or claims. This also extends to considering potential repercussions, which has a blatantly conspiratorial air to it.

The general implications of these behaviors, when confronted with a report for grooming and Oding among other things, are obvious and these behaviors resemble more so friends trying to cover their own back than genuine managers each

working for the betterment and safety of the community. Surishen is reported for Grooming and they, *collectively*, only care about their own image and the possible repercussions of these claims, and in fact punish the reporters. They can have a clique, but when it refers to these matters which involve the safety of children, “political” and stupid, considerations should not happen, nor should a director be romantically engaged to any member of the community.

Imgs1

This one is very revealing.

NOTE: "peter griffin" = hellablu

 **Yanranay** 10/29/2024
oh no im aware of the drengyr thing
you want to punish maze for it right?
ehhh
problem is that the evidence is a tad wishy washy
and secondly banning him would definetly bring more attention to the doc
given its maze

 **im stew ie** If it's not punished people will think it's okay to spread the document
 **Yanranay** 10/29/2024
I do agree on that but im just concerned about the ramifications

 **aqkuamarin** 10/29/2024
valid

 **im stew ie** 10/29/2024
The way I see it, there's ramifications if we do
And ramifications if we dont
We just have to decide which is worth it

 **Yanranay** 10/29/2024
yeah

 **im stew ie** 10/29/2024
 **@aqkuamarin** Has that server hosted rumours before?

 **Yanranay** 10/29/2024
it is just a case of weighing the least worst option

 **im stew ie** 10/29/2024
"investigations"

 **im stew ie** Would doing nothing embolden those who created it?
 **Yanranay** 10/29/2024
maybe? but given the names potentially involved in this banning they could cause it to spread even more

 **Duncan** we don't need to strive for leniency when they were clearly in the wrong
 **Classicalistic** 10/29/2024
Looking lenient can help refute anything they pull later

 **Duncan** 10/29/2024
what else can they pull

 **im stew ie** 10/29/2024
How about we leave the appeal bit to Drengyr
Let him decide

 **Duncan** what else can they pull
 **Classicalistic** 10/29/2024
I don't know, but I just have a suspicion that this is gonna escalate

 **Classicalistic** I don't know, but I just have a suspicion that this is gonna escalate
 **Classicalistic** 10/29/2024
And I want to make it as likely as possible that it goes over quickly and smoothly without putting a ton of stress on any of us

 **Duncan** unless they have some serious dirt on you it probs won't
 **Classicalistic** 10/29/2024
They don't on me
But they might pull shit on others

 **Classicalistic** If we want to do what is right then we can
 **Classicalistic** 10/29/2024
But I do think it will escalate and that appearing lenient would benefit us should that be the case

 **Peter Griffin Fleug did jackshit**
 **Classicalistic** 10/29/2024
I am annoyed by everyone who was complicit
But we should be lenient to make it impossible to flip this on us

 **Peter Griffin Fleug did jackshit**
 **im stew ie** 10/29/2024
Do you want fleug removed from the kill list then?

 **Duncan** 10/29/2024
well u guys are directors

 **Classicalistic** 10/29/2024
So that even if shit somehow gets worse, our position is still good

 **Duncan** 10/29/2024
what can go wrong
amnesty is MIA

 **Peter Griffin** 10/29/2024
This is the most internalizrd drama btw

 **Classicalistic** So that even if shit somehow gets worse, our position is still good
 **Classicalistic** 10/29/2024
Hence we should only be nuking the actively involved

 **Peter Griffin** This is the most internalizrd drama btw
 **Classicalistic** 10/29/2024
Yea and we want to keep it that way

 **Classicalistic** Maze has his own server which he has rallied multiple times for
 **Classicalistic** 10/29/2024
If we shadow punish even just the other guys, it's gonna go public
So we should expect it to be a public drama

 **Duncan** 10/29/2024
guys just remember

 **Classicalistic** 10/29/2024
Not something we can keep private

 **Duncan** 10/29/2024
the drama is already public anyways

 **Classicalistic** 10/29/2024
We make this look big and serious = we have to deal with more problems

Note: Classicalistic is admitting that he thought any future probe on surishen would compromise them.

 **Classicalistic** 10/29/2024
I'm worried about banning maze and chee

 **Duncan** (the gc
Peter Griffin 10/29/2024
We would have to leave you guys out

 **im stew ie** 10/29/2024
Dont
They deserve it classic
Let them mald

 **Classicalistic** I'm worried about banning maze and chee
Classicalistic 10/29/2024
Idk I just feel like shit gonna hit the fan there

 **Classicalistic** I'm worried about banning maze and chee
Duncan 10/29/2024
what can we do then

 **Classicalistic** I'm worried about banning maze and chee
EpicPeebrain 10/29/2024
idc bout chee but ban maze

 **Duncan** 10/29/2024
ranklocking chee is not a solution

 **Classicalistic** 10/29/2024
Well I would demote chee for sure

 **im stew ie** maze, smoke and gamerguy will be banned in the next 120 seconds pending any major opposition
Classicalistic 10/29/2024
What's your reasoning gonna be?

 **im stew ie** 10/29/2024
We'll keep it short

 **Classicalistic** 10/29/2024
I want to see to critique it

 **im stew ie** 10/29/2024
ok one sec

 **PembrokeWelshCorgi** 10/29/2024
these people are monkeys and morons
im boutta be like the mad king in GoT
burn them all

 **Classicalistic** I want to see to critique it
Classicalistic 10/29/2024
I want it to be boring and short **Imfao**

 **Drengyr** 10/31/2024

its unlas
i have more proof than necessary
i will look into this much more in detail
but im out for halloween actually kinda sad as fuck

 **im stew ie** 10/31/2024
@everyone Our main focus has to be simple
Deprive unlas of oxygen
Not literally
But we have to limit the attention he gets
Any new "document"

 **Drengyr** 10/31/2024
<https://docs.google.com/document/d/100n85dvD4JyuCEpCY4unDiHUhMz/>

 **Classicalistic** 10/29/2024
Ban that guy and a lot of participants may actually notice

 **im stew ie** 10/29/2024
We shouldnt be intimidated by Maza
He deserves to be banned

 **Classicalistic** 10/29/2024
Participants know maze; they don't know the others very much

 **im stew ie** He deserves to be banned
Classicalistic 10/29/2024
He does, but I'm also being pragmatic

 **Classicalistic** 10/29/2024
If we ban maze, we better be ready to deal with what that could entail

 **Yanranay** and secondly banning him would definety bring more attention to the doc
Drengyr 10/29/2024
This is a genuine concern I have to just to be clear

 **Duncan** isn;t it already discovered by everyone
Classicalistic 10/29/2024
Lacked publicity
It was rather small-scale despite cita's attempts to disseminate it

 **im stew ie** 10/29/2024
mhm
@Drengyr Guarantee you this'll be forgotten by the end of next week
Riskord drama never lasts

 **im stew ie** **@Drengyr** Guarantee you this'll be forgotten by the end of next week

I cant edit the filter
Only Riskord Commissioner+ can

 Peter Griffin 10/31/2024
why did discord make this entire layout
so confusing

 Drengyr Well I dont want to be involved in the bans but I think at the core is how do we prevent other individuals from being targeted like this

 Classicalistic 11/1/2024
and yea you don't have to be the one to do the bans
it can be one of the other directors
me, hella, or yan
(depending on who is available when we go through w/ it)

 Duncan Whos face is here

 Drengyr 11/1/2024
No clue

 Duncan 11/1/2024
But damn so much shit is coming out that i wonder what the full extent of surishens actions are

 Classicalistic depends on: the full context of what the possibly punishment-worthy things arewhen those things happened

 Classicalistic 11/1/2024
refer to the above

 Drengyr 11/1/2024
Well based on the screenshots in the doc surishen was part of the lgbtq+ community on roblox

 Classicalistic 11/1/2024
hopefully these are just some well-cropped screenshots and the only issue is in like, surishen's word choice or something

 Drengyr 11/1/2024
I dont want to be hush hush like, obv what surishen did is fucked up, we all believe here they arent a pedophile/groomer/most things taken out of context but we can't just justify not doing anything too
(edited)

I wish I knew people in that community that could give insight into whos surishen was but that lgbtq group prob doesnt exist anymore

 Drengyr and should we discipline surishen?

 Peter Griffin 11/1/2024
Well it happened in 2020
4 years ago
If we punished people over dumb shit they did years ago we would all probably be banned right now

 Peter Griffin 11/2/2024
We should ban everyone spreading the docs in the discord using the
Inbuilt ban feature

 **semi** if it's linked to their discord in this server full of minors, I think that's an issue and people have been banned before over it, as Ferris said-- I don't want to antagonize anyone and I'm not referring to Drengyr at all, but
im stew ie 11/6/2024
It's careless, but I don't think it's a serious issue given the fact he never advertised his twitter here
What bothers me more is *why* these people are trying to "expose" suri

 **Peter Griffin** 11/6/2024
Honestly im not too willing to really punish them since like

 **im stew ie** This is the only screenshot I care about
Drengyr 11/6/2024
this might be out of context there could be a "responding to x"

 **im stew ie** 11/6/2024
They're 100% not doing it because they're concerned about minors seeing furry porn

 **Peter Griffin** Honestly im not too willing to really punish them since like
Peter Griffin 11/6/2024
Thats just gonna revive a "drama" that for days has been dead

 **Ferris** But the point should still be addressed he had his porn twitter attached to his discord here that was public
Drengyr 11/4/2024
Now lets tackle this

1. AFAIK there was no porn on the account (If there is porn on the account I haven't seen any proof but there definitely is suggestive things, please tell me if there is straight up porn on there)

2. We made surishen removed references to their twitter and private their account. If they actually groom a child or send them porn, WE WILL act and report them to appropriate law enforcement (edited)

 **Ferris** 11/4/2024
Ok but then also they brought up that you two e dated and they said they have evidence of that, so couldn't one say you're being biased?

🇪🇺 staff-club

 **hellablu** 3h
I'll give you that, maybe we should have acted sooner, whether if we believed he was a groomer or not

🇪🇺 staff-club

 **hellablu** 3h
Sorry but im not gonna validate claims that someone is a groomer without decisive proof that is the case. Punish them for being weird? Sure, but weird ≠ groomer

🇪🇺 staff-club

 **hellablu** 3h
Which is where we failed, we didnt release a statement fast enough

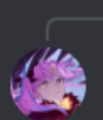

🇪🇺 staff-club

 **hellablu** 1h
Indont think surishen is a groomer, those dms omit the second part that lead you away from "grooming" to just "dogshit humor 14 year olds in # 🍲 general ' have (edited)

the child is at fault

no, but I will fess up that we fumbled

yo

mate

this is just an opinion but I think you or a chat admin or whoever rly needs to get on top of this and stop conversations about it in staff club

because in the event it's all false and nothing happens it's basically just rumours being swirled which does no good for anyone

albert

Today at 2:59 PM

@Riskord Staff

Good afternoon

I'll keep this brief

- People who post the allegations document need to be muted because of the contents contained within
- People are allowed to discuss the allegations/ resignations whatever freely but any toxicity needs to be dealt with
- Any staff who mass ping in a resignation letter should be muted for 6 hours

might be worth politely asking them not to talk abt it in staff club while nothing is confirmed / to keep the spreading of shit to a minimum

Today at 2:14 PM

banning people making (seemingly) false allegations is what we've done for years

im not gonna blame anyone cuz it isn't my job but it wasn't on you

Drengyr

Today at 8:19 AM

@Riskord Staff

You have the right to punish those who are stirring up drama (and 3.2)

Just saying in the case you desire too, remember just because people are upset does not mean they can break rules

@Drengyr

More than not, Surishen will be removed from any admin/community position - we're going to defend our actions/rationale, none of us intentionally defended him to "shield a groomer"

surreal_cactus

Today at 6:44 AM

does this mean hes gone for good

i need him to finish his mentorship at least

personally i was hoping this could be dealt with quietly and without drama cuz I thought we were beyond this
