

FPS seeks parents/community members to serve on Strategic Planning committees

Farmington, MI -- Farmington Public Schools is excited to announce the re-launch of the FPS Strategic Planning Process. We have worked internally to review all of the information and hard work that has been done over the last few years, and have incorporated the priorities and learnings from that work.

The FPS Strategic Plan is based on five District priorities that all fall under the umbrella of Equity and Innovation:

1. Foster Development of 21st Century Skills
2. Assess Program Impact on Student Achievement
3. Foster a Positive District Climate that Incorporates Equity and Inclusion
4. Recruit, Hire, Develop, and Retain High Quality Staff that Reflects Diversity
5. Ensure Equitable Practices

The eight Goal Areas (expanded from the four goal areas in the past strategic plan) include:

- Creating a Culture for Equity & Innovation
- Leadership that Supports Equity & Innovation
- Teaching and Learning
- Creating Systems for Equity & Innovation
- Organizational Effectiveness
- Effective Management of District Resources
- Community Relations
- FPS Futures Committee

The District values the work that has been done in the past to get to this point, and is looking for your continued input as we move forward. The District will be holding monthly committee meetings in each of the goal areas and wants to invite parents and community members to be part of these goal committees. If you are interested in serving on one of these committees, please fill out the following form <http://bit.ly/FPSStrategicplanning> and your information will be shared with the Goal Area Co-Leaders.

If you have any questions or would like additional information, please contact Kelly Coffin, Assistant Superintendent for Innovation & Strategic Initiatives at kelly.coffin@fpsk12.net and she will be happy to help.

"We are looking forward to moving this important work forward together!" stated Dr. Coffin.
