Hello Triad 8th-grade Families,

My name is Kelli Barbour, principal at Triad High School. I want to welcome you as parents and your incoming 9th-grade student to THS! We are excited to be a part of their transition from middle to high school this fall. The next few weeks will be busy as you prepare for high school registration. We will hold our annual Freshman Orientation Night at the high school. We invite parents to attend a presentation by our administration and school counselors on **February 5 at 6pm.** This orientation will focus on information related to Triad High School graduation requirements, establishing a four-year plan, participation in clubs/athletics/activities, social/emotional support services, etc. Additionally, our CTE Department will host an Open House before the orientation from 5:15-6:00 pm. The Open House will give you a look at what this department offers at THS.

If you cannot attend the Freshmen Orientation, we will send a video of the information presented that evening.

You should have received an email last Monday regarding the registration process and that appointments can be scheduled at this time. Reviewing these instructions with your child, along with some of the courses listed in the Triad High School 2026-2027 Course Book on our website, would be helpful.

Finally, on February 10, registration will begin for incoming 9th-grade students.

My staff at the high school is excited about starting this high school experience with you soon! If you have any questions, feel free to reach out to me at any time.

Sincerely,
Kelli Barbour
Triad High School Principal
