

CHISD Chromebook Reminders and Helpful Hints for Students

CHISD Chromebook Student Guide

CHISD Overview Video

CHISD Chromebook Website

Logging in

Before you can login you must connect to your home wifi or the district wifi. When you power on the Chromebook you will see a message that says "Network not available". You will then see a list of available networks. Connect to your network and type your wifi password.

To login to a Chromebook, use the student's email address. Their password is the full 8 digit birthdate.

Username: firstname.lastname@chisd.net

Password: 8 digit b-day (mmddyear)

Logging Out and Shutting Down

- Go to the bottom right corner and click on your picture/icon and shut down by clicking the Power icon or pressing the power button until the screen goes black.

Troubleshooting

- Shutting down the Chromebook and restarting it will correct most issues you may have.

Handy Shortcuts

- Open the App Launcher
- Open the File Manager
- Take a Screenshot

Click here launch the app launcher.

This is the App Shelf - If there is a small line underneath the app, that means it's open

Before you can login, you need to connect to your wifi from the system tray.

This is the system tray. You can sign out or restart your chromebook from here. You can also change the accessibility settings and wifi by clicking in this area.

Reminders

- Keep your Chromebook secure and in the case at all times.
- Do not leave your Chromebook unattended.
- Check your keyboard before closing the screen. Make sure there are no pens, pencils or earbuds on the keyboard.
- Keep up with the charger. Students are expected to bring their Chromebook fully charged each day.
- Do not bring food or drink near your Chromebook
- Do not keep it in your hot or cold car or in an unlocked car or in open view in your car for anyone to see.

If you need any assistance with a Chromebook or need to report damage please contact your campus librarian or email devicesupport@chisd.net .
