Each time you pay your required monthly payment on-time and in-full, you no longer owe the rest of that month's billed amount. You also receive a 1/24 credit toward any old debt. If you make full, on-time payments for 24 straight months, all of your past-due amounts will be eliminated. Households with a gross yearly household income at or below 150 percent of the federal poverty guidelines are eligible to participate in PIPP Plus.

Early Intervention (EI) is a statewide system that provides coordinated early intervention services to parents of eligible children under the age of three with developmental delays or disabilities. Your team works with you in your home or other places you and your family spend time to develop a coordinated plan called an Individualized Family Service Plan (IFSP).
