

Hello Orienteers!

Thank you for attending the 2026 Champoege Classic on Saturday! We hope you dodged some of the sporadic rain showers and enjoyed some minimal climb orienteering before we head back to Mt. Tabor next month. I also hope you didn't mind listening to the beep of the O Clock as we prepare for the [Deschutes Daze](#) events. For myself, there is not a more pleasant sound than the O Clock countdown beeps.

Event results are posted on the [CROC 2026 Results](#) page where you'll find the results, splits, photos and a link to LiveloX. As of this writing, twelve participants uploaded their GPS tracks, including ten on the Green course. If you have never checked LiveloX out, it is pretty entertaining to watch the replays in all of the different ways LiveloX provides. FYI, at early uploading, LiveloX determines when a control was punched and creates its own split times. Later, our LiveloX administrator John Crowther uploads the actual split times and LiveloX adapts accordingly.

If you have any pictures from the event that you would like to share with the club, please upload them to our [CROC Google photo](#) repository and we'll post them. We love seeing everyone's smiling faces!

A special thanks to a couple of people performing the biggest jobs. Kelly Whitty took on co-Meet Directing on top of her usual communication role and handled everything with her usual diligence and cheerful nature. Virginia Church designed the advanced courses with the somewhat typical challenge of determining where we were allowed to traverse in the park. Course design is harder than it looks but can be quite rewarding and will make one a better orienteer. If anyone is interested in getting started, please reach out to any board member.

A big thank-you to the rest of our event volunteers—everyone helped make the event run smoothly.

- Course Setters: Debby Wenzel, Virginia Church
- Map Revisions: Virginia Church
- Course Vettors: Becky Bruns, Jay Hennigan
- Control Setup: Virginia Church, Debby Wenzel, David Rogers, Julie Pohl
- Course Pre-run: Alexander Myachin, Virginia Church
- Beginner Clinics: "Tox" Poulsen
- Member Training: Anndy Wiselogle
- Check-in: Jennifer McGrath, Michael Reid, Glen Cafferty
- Starts: Nick Appelmens, Tox Poulsen, Mike Holliday
- Results: Marsha Holliday, Andy Heydon, Mike Holliday
- Control Pickup: "Tox" Poulsen, Tony Pinkham, Sarah Vitak, Mike Holliday

Keep the Adventure Going! Upcoming CROC Events

Don't miss out on future events and training opportunities! Check out our full schedule here: [CROC Events](#).

- [Short Course Series: Reed Canyon](#) (Members Only) - Wednesday July 1
- [Mt. Tabor Classic — Columbia River Orienteering Club](#) - Saturday July 11
- [Deschutes Daze](#) - August 6-9

Stay Connected & Join the CROC Family

- [Newsletter](#): Sign up for the CROC Newsletter—it's the best way to get event reminders and the latest updates.
- [Join CROC!](#) We invite you to continue your orienteering journey with us. Annual membership is just \$20 for an individual or \$25 for a family. Benefits include event discounts, access to members-only training clinics, an invitation to our annual member pizza party, and supporting local orienteering.

Thanks so much for participating! Hope to see you again soon!

Mike "Doc" Holliday
