Apple Identification Form

Lori Brakken (206)715-4149 lorineb@mindspring.com
4719 NE 204th St.
Lake Forest Park, WA 98155

There is no charge for ID but please do acknowledge and reply to the RESULTS email that you receive from me.

Preparing the Sample for Identification - Each sample needs these 3 things listed below.

1. The completed **lower part of this form,** with your contact and apple information. Write clearly. This information is important for a good ID of your apple.
2. **Five mature unwiped RIPE apples with stems**, if apples are unripe, you can wait & mail or drop them off when they are ripe to the address above. Don't use plastic bags for apples because they sweat & rot. Use paper to wrap & hold the apples.
3. Place a **12"stem with leaves** in a plastic bag (not paper for leaves). Paper will dry out the leaves.

Remember a plastic bag for leaves and a paper bag for the apples* – together in a bag with this form below is one sample

You can keep the packaged samples in a refrigerator until the day you can drop them off at my house or mail them to me in a box.

----------Tear here & keep the top half for your records.----------

This form is to be in each sample.

Your Name:_____Date picked:_____Did it fall off the tree?_____

Your email Address:_____ Phone:_____

Name you give tree: _____How was the tree acquired?_____

Age of tree:_____ Age of property/house_____ ___Trunk size _____ Height _____
