

Welcome to my little home for the stories that I write! This story follows a young adult snow leopard who named herself Silvia, and her journey with falling out of the real world and eventually landing, changed, with the [Korps](#) - from then on, her struggles with healing and coming to terms with what she's become. Common themes include trans-related items such as dysphoria, the nature and result of trauma and abuse, and the effects of late-stage capitalism on disabled folk.

THIS STORY IS INTENDED FOR MATURE AUDIENCES! DO NOT READ IT IF YOU ARE NOT 18 YEARS OR OLDER! Some of the chapters feature **extremely heavy** content, and such will be included in the content warnings at the header preceding each chapter. Some chapters also feature **sexual** content, including various kinks. Reader discretion is advised.

[Korps](#) is a universe created by [Karen](#). If you wish to learn more about the world, you can take a look at the [primer](#). I was introduced to the universe by [Fey](#), who has her own lovely story you can read.

If for some reason you want to find me on social media, I can be found [on Bluesky](#); though, I barely use social media, and often am reposting irrelevant fetish material on this account. If you know me through other means, I don't recommend contacting me through this route.

Material I repost on this social media account is not an indication of what might be included in my writing.

Destruction and Creation

This is Silvia's main story. It contains all the necessary beats to understand her character, life, and struggle. She faces uncertainty in her future, and when presented with a peculiar opportunity to finally make a living, she makes the bold decision to conquer her demons. In doing so, she becomes one herself....

SFW - No sexual content

[Chapter 1: The PAWS Initiative](#) - SFW (7.0k words)

[Chapter 2: Descent into the Silence](#) - SFW (5.7k words)

Side Content

This is bonus material that was likely just written for fun, or provides additional context to Silvia or another character, but is not required to read to understand the story.

[All Star Duel](#) - SFW (4.2k words) A fun little romp featuring Melissa Seagal, also known by her supervillain name, Electric Factory.

[Desolation](#) - SFW, **HEAVY** (2.2k words) A vent piece. Pretty much all bad vibes. Don't read this if you can't handle it.
