

VISUAL RESEARCHER (PROJECT-BASED)

Art Director and Visual Producer, [POETIK](#), is seeking a Visual Researcher who is highly organized and can support the creative development of large-scale live performance projects.

This role will focus on visual research, archival sourcing, moodboard creation, cultural references, artist research, and helping build the visual worlds that inform stage design, content direction, and live show experiences.

Responsibilities:

- * Research visual references across art, film, fashion, architecture, music, photography, and culture
 - * Source archival imagery and video
- * Build moodboards and visual presentations
 - * Support creative deck development
- * Organize references and project assets
- * Help identify visual themes and storytelling opportunities

Ideal Candidate:

- * Strong visual taste
- * Excellent research skills
- * Highly organized
- * Familiar with contemporary art, music, design, and culture
 - * Comfortable working independently
 - * Able to move *quickly* when timelines require
- * Preferably EST, CST & PST Timezones. But open to others.

*BONUS: A passion or strong interest in music.

This is a **PAID** freelance/project-based opportunity with immediate needs for upcoming live performance projects. Strong collaborators may be considered for ongoing opportunities.

To apply, please send:

- * Portfolio or examples of research work
- * Relevant experience
- * A brief introduction
