

Plumbers (updated October 2025)

10/27/25 - **A.M. Bell Plumbing (formerly Durance)**, adam@ambellplumbing.com, 301-750-2258. "Has been giving us, and other family members, great service over the years. They are a small firm whose plumbers stay with them for years. The owner is Adam Bell." (Mark on Normandy). "Had our water heater and a couple smaller plumbing jobs done recently. Adam and his team were thorough and quick. Highly recommend." (Jessica and Stone on Wire). "We had a pinhole leak above our kitchen and he came out quickly and repaired the pipe." (Phill)

10/27/25 - **Guerrero Plumbing**, 301-593-0930, <https://guerreroplumbingllc.com/>. "Has been responsive as our plumber of choice over the past several years. Used them to install a new hot water heater in past six months, a major undertaking given the age of the one being replaced." (Jay on Ocala). "I recommend Guerrero Plumbing." (Sandra)

10/27/25 - **Payless Plumbing**, 202-210-4033. "We recently had a good experience - the plumber's name is Zivko, I believe. Not sure if they are 24/7 but we're really happy with his work." (Jason and Sonia). "Zivko at Payless Plumbing has always been clutch for us. He came today to replace our water heater that busted Saturday night and did a great job. He's also installed a toilet for us and he did a ton of good work at a very old rental in the neighborhood we used to live at before we bought this place. His estimates are spot on and he's very transparent about what he's doing, options, inspections, etc." (Chris on Caroline)

10/27/25 - **Pizer Family Plumbing & Gas Fitting**, 301-467-1811. "I recommend this company." (Stevie on Normandy)

7/30/25 - **Alexander "Sasha" Daragan**, 301-641-8704. "Excellent, credentialed, and honest plumber who accepts side jobs and prices his work very reasonably. He just installed a new water heater for us and he is great!" (Sally on Biltmore)

7/28/25 - **Fenlon Plumbing & Heating**, 301-252-1933. "They've always done right by us and we recommend them highly. They understand these old houses with their old plumbing." (Susan on Granville)

7/26/25 - **Atlantic Heating and Air**. "I recently had a bad experience with Len the Plumber replacing the hot water heater." (Matt on Normandy)

7/14/25 - **Stang Plumbing**, Gaithersburg. "I have hired them from small to huge plumbing projects and worked with them for many years." (Hannah)

4/7/25 - **Lyons Plumbing**, <http://lyonsplumbing>. "We love them -- in fact they'll be here in an hour or so to help us out with a clogged basement sink." (Audrey on Worth). "We recently used them for a big job. Dan Lyons was very responsive. The work was meticulous." (Jennifer)

9/16/24 – **Jamie Burkett**, 443-373-7689. "After a couple years away, Jamie Burkett, a master plumber and an expert at remodeling bathrooms, is working again in our neighborhood. A former Indian Spring resident, he's very familiar with the types of houses and plumbing infrastructures throughout our area. In fact, Jamie has done a lot of great work for many of us over the past several years. It's a pleasure to welcome him back." (MJ on Saybrook) "He did a very nice job on reconstructing our master bathroom's walk-in shower a half dozen years back." (Jay on Ocala)

7/12/24 - **Thomas E Clark Plumber**. "Did a great job on our plumbing problem and installed a new garbage disposal that he had on his truck." (Janet on Ocala)

7/11/24 - **Tim Whistler Plumbing**, [Home | Tim Whistler Plumbing](#). "They respond quickly, they can handle smaller jobs like unclogging drains as well as larger issues such as replacing sewer pipes and hot water tanks, they have experienced plumbers who know what they are doing, and their prices are fair. And the owner, Tim Whistler is great. He has handled some of our issues himself, even coming to our house on Christmas Eve back in 2018 to help us with an issue with our old water tank." (Leslie on Evergreen). "Another enthusiastic recommendation for Tim Whistler Plumbing & Gas Fitting. This morning, I noticed water dripping from one of our 70-year-old copper pipes, a pinhole leak. I called Whistler around 12:30, they arrived at 1 p.m., fixed by 2 p.m. Very friendly and knowledgeable." (Robert on Indian Spring Drive)

6/6/24 - **Alex Arguello**, 240-893-0224. "Highly recommend using Alex. He is skilled in a wide range of home repairs, plumbing repairs, installations, maintenance, renovations, interior painting and exterior painting." (Diane on Worth)
