Remember when I first met you
Rem DO
Took you to the pad where I was staying
FA
Shared with another seven souls
DO SOL
All over the floor laying.

Remember when I first held you
I whispered you sweet nothings
We flew out of the room that night
High on young love wings.

DO SOL Lam Mim
When you lay down your brown body, Lassie
FA SOL DO SOL
Let love between you and me flow
DO SOL Lam Mim
When you lay down your brown body, Lassie
FA SOL DO +FA
Let love between you and me flow.

Remember when I first saw you
I had to put our love together
By hook or by crook
I wanted you forever lover.

But I shouldn't be so lucky
For you had another fella
So I brought you a ring that day
Down the Portabella.

When you lay down your brown body, Lassie
Let love between you and me flow
When you lay down your brown body, Lassie
Let love between you and me flow.

Temporarily I lost you
Tried to tie our love together
Forcing you to answer me
Say you'll be mine forever.

But things don't happen so fast
When it comes to our romance
I wanna take you easy now
So come on gimme the chance.

When you lay down your brown body, Lassie
Let love between you and me flow
When you lay down your brown body, Lassie
Let love between you and me flow.

When you lay down your brown body, Lassie
Let love between you and me flow
When you lay down your brown body, Lassie
Let love between you and me flow.
