

Tip 8: Transitioning from Fun Activities to School Work

Checklist

- ☐ Set up clear expectations
- ☐ Use a timer
- ☐ Provide a verbal cue/warning 5 minutes before ending the activity, and again in 1 minute
- ☐ Use a visual schedule so they can see what is happening next
- ☐ When transitioning from a “fun activity” to school work, incorporate a preferred short activity that has a clear beginning and end (i.e. puzzle, word search, seek and find, etc.)
- ☐ Avoid using the words “**time for work**”. Instead say, “**Time is up. Check your schedule and pick what you would like to earn next.**”
