COMMISSION STATUS: **OPEN**

I am offering commissions on:

- emotes / sub badges (e.g. for Twitch)
- character illustrations (e.g. TTRPG portraits)

At this time I will not do commissions of extreme NSFW or gore. For illustrations, I primarily draw humans/humanoid characters.

This document is merely to provide guidelines. If you have a request that doesn't fit the provided examples, [I'm happy to discuss!](#)

TERMS OF SERVICE

- Payment will be received via PayPal, paid in USD. A deposit of 50% will be required upfront.
- I am not a full time artist and therefore I will be fulfilling commissions at a “leisurely” pace. Depending on the complexity of the request and my current queue, it could take anywhere from 1 week to 3 months to complete. If you have a tight deadline for your commission, I may be able to do a rush job for an added fee.

- As much reference that can be provided is appreciated! A design fee may be incurred in the absence of adequate reference or descriptions.
- I reserve the right to decline requests that I am uncomfortable with or I feel are beyond my ability.
- Generally, I reserve the right to use the commissioned art as part of my portfolio, share on social media, or livestream on Twitch. If you wish for the piece to remain private, please let me know: my delivery of the piece may take longer.
- 3 major changes are permitted for free in the Sketch stage and Color stage respectively. More than this will incur a fee.
