Addressing Recent Events Within Anor Londo X and the Imperial Federation

Anor Londo X, a proud and steadfast community within the Imperial Federation (IF), wishes to communicate openly and transparently regarding recent events that have unfolded, impacting both our state and the broader IF community.

Regrettably, it has come to our attention that certain members of our community have faced conviction and exile from the IF under the decree of King_Cupar. As fellow members of the Imperial Federation, we stand in solidarity with those affected during this challenging time.

At the heart of these events lies a project undertaken by our esteemed members, JoelTheTroll and Caddywomper, that has drawn attention and raised concerns. In response to a period of leadership instability within the IF, Anor Londo X took it upon themselves to safeguard our state and reinforce our national defense goals, ready to confront external aggression or internal upheaval that may threaten our democratic principles.

To ensure the security and prosperity of our citizens, Joel and Caddy took a decisive step in constructing a vault within our administrative zone. This project saw the recruitment of new citizens, Zombie and Sloth, each contributing to expedite the process. It is vital to recognize that Zombie, being a new member of the IF, remains relatively unknown to many, including Joel and Caddy.

We must address the unfortunate statements made by Zombie and Sloth, which we condemn unequivocally. Such expressions are inexcusable and do not align with the values and principles we hold dear within Anor Londo X. However, it is our obligation as a sovereign government to defend the innocence of Joel and Caddy, as they have been denied access to vital evidence, infringing on their Inalienable Rights as Imperial

Citizens. Additionally, we aim to shed light on any instances of unjust prosecution of our fellow citizens.

Within the IF's national discord, it has been evident that due process has not been wholly observed, leading to concerns about the fairness of the proceedings. As dedicated members of the IF, we urge for a comprehensive and transparent process to ensure justice for all involved parties.

Anor Londo X has always been deeply committed to the Imperial Federation community, cherishing the connections and camaraderie that unite us. Despite the challenges we may encounter, we stand resilient in our devotion to the IF.

Regarding the broader political landscape within the IF, we acknowledge the presence of underlying issues. We, too, have engaged in democratic discussions to address concerns related to political power distribution. Unity and dialogue are essential for fostering a fair and inclusive community for all citizens.

It is critical to emphasize that no plans for a coup were ever considered or pursued by us. We repudiate any actions or intentions that may disrupt the harmony and stability of the IF or Anor Londo X. While certain statements were made, we firmly believe they lacked genuine intent or weight behind them.

Anor Londo X has always upheld the values of due process and fairness, respecting the rights of each member. The denial of due process is deeply troubling, and we raise our voice against any attempts to consolidate power at the expense of individual rights and liberties.

Furthermore, it is unacceptable that the federal government has already started deconstructing Anor Londo X's infrastructure without granting a fair trial and proper examination of evidence. We call for an immediate halt to such actions until a just resolution is reached through a transparent process.

We encourage open dialogue and earnest communication within the IF community, as it is essential for collective growth and understanding. Together, we can overcome challenges and foster a stronger, more united Imperial Federation.
