

Inaugural Exhibit: *The Creative Self Portrait*

In September of 2023, art students were given an opportunity to begin the school year with their first drawing or painting; a review of portraiture that they had first been exposed to in Art Fundamentals. Students were allowed free reign to choose their medium, surface, size, and viewpoint in order to help emphasize individuality while planning and creating their self expressions. Each student also wrote a short description of their artwork. Please scan the QR code printed on each name tag, and enjoy reading about our Esperanza Art Students!

Mrs. Lynn Magnin, M.Ed.
Visual Arts Teacher
