

# AKVELON

Creativity, Quality, Consistency

## **Position:** SDE/DevOps

### **Project:**

**Dropbox** is a file hosting service that helps to keep life organized and work moving. With more than 700 million registered users across 180 countries, **Dropbox** is on a mission to design a more enlightened way of working. **Dropbox** is headquartered in San Francisco, CA, and has offices around the world. The project entails moving a part of **Dropbox** infrastructure to public clouds, starting with **AWS** and standardizing on **Terraform** as a deployment tool.

### **About us:**

**Akvelon Inc** (USA) works in the field of software engineering based on a variety of technologies. Our company is a member of the vendor program, which gives employees the opportunity to work with clients in Russia, the United States and other countries (**Microsoft, Facebook, Airbnb, Dropbox, Pinterest**, and many others). This is a great opportunity to transfer experience and experience with leading engineers of world-renowned companies.

### **Responsibilities:**

- Implementing development, testing and automation tools
- Defining and setting development, test, release, update, and support processes
- Troubleshooting and fixing the code bugs
- Monitoring the processes during the entire lifecycle for its adherence and updating or creating new processes for improvement and minimizing the wastage
- Encouraging and building automated processes
- Identifying and deploying cybersecurity measures by continuously performing vulnerability assessment and risk management
- Incidence management and root cause analysis
- Coordination and communication within the team and with customers

**Requirements:**

- Python 2+
- Kubernetes 3+
- Terraform (production, large scale)
- AWS, Hashicorp stack in general
- Basics of Networking

**We offer:**

- Possibilities of relocation to the USA;
- Entering a professional level equivalent to world standards;
- High wages (we proceed from the wishes of the candidate and the level);
- The choice of a remote job or office in Belgrade;
- An excellent team of high-level professionals and rich engineering culture.
