

December 15, 2022

Dear NPHS Parents,

Our high school seeks to create two- and four-year college graduates with minimal debt. Additionally, we want to ensure all students maintain the option to attend college in the future if they want, even if that is not their current vision. So, we are bringing proven ACT preparation—*OnToCollege (OTC)*--to our students. Each junior student will experience the course in school over the next 9 weeks leading up to the March 21st NSCAS - ACT test date.

John Baylor will be on site on December 19th to help our Junior students with a jump start on this process. He will be working with ½ of our Juniors during block 1 and the other half during block two. After break we will have staff and students work on this process systematically during Bulldog Time. Students will also have online access at home to further prepare and work through many of the additional ACT prep and solution video resources that are available to them. If your student is struggling with a specific subject area or concept on the ACT, *OTC's* additional prep and solution video resources can help.

Higher ACT scores can mean larger college scholarships. The average score increase after students use *OnToCollege* is 2-3 points for the ACT, which can save your family thousands in college costs and increase your child's college choices. [Click here](#) to watch a short video where John Baylor discusses the importance of the ACT.

We will be offering valuable instruction time during the school day to complete the course. All students are encouraged to participate in these sessions and to complete all assignments.

You are invited to follow *OnToCollege's* [Twitter feed](#), [Facebook page](#), and use [resources](#), [read blogs](#), or watch [videos/podcasts](#) available for free at [OnToCollege.com](#).

We are excited to be doing even more to maximize your student's chances to get into their best-fit college at the lowest cost and to become a college graduate with minimal debt. Thanks for helping us ensure students prioritize this course and the upcoming test.

If you have any questions, please feel free to contact our administrative team at 308-535-7105.

Thank you,

NPHS Administration
