

Bachelor of Science in Clinical Chaplaincy Psychotherapy

HBI University

Course Duration: 4 years

Credit Hours: 135

Program Description

The Bachelor of Science in Clinical Chaplaincy Psychotherapy at HBIU University combines the healing art of chaplaincy with the clinical expertise of psychotherapy. This program is designed for students who seek to provide spiritual care and psychological support to individuals dealing with emotional, mental, and spiritual challenges. The curriculum blends spiritual leadership with psychotherapeutic techniques, preparing students to work as clinical chaplains in hospitals, hospices, prisons, military settings, and faith-based organizations.

Students will gain in-depth knowledge of psychotherapy methods, mental health counseling, and spiritual care principles. This program is unique in its integration of chaplaincy and psychotherapy, enabling students to address the emotional, mental, and spiritual needs of those they serve. Through spiritual care training and clinical psychotherapy practice, students will learn how to guide others in healing and recovery through both faith and psychological therapy. Graduates of this program will be well-prepared to provide holistic care, integrating psychotherapy, spiritual counseling, and faith-based support in clinical settings.

Admissions Requirements

- High school diploma or equivalent
- Minimum GPA of 2.5
- Personal statement outlining career goals in chaplaincy and psychotherapy

- Two letters of recommendation
- Resume (if applicable)
- SAT/ACT scores (if applicable)

Practicum Requirement

As part of the degree, students are required to complete a practicum to gain hands-on experience in clinical chaplaincy or psychotherapy.

Practicum Requirements:

- Complete a minimum of 150 supervised hours in a healthcare setting, faith-based organization, or mental health facility.
- Engage in tasks such as spiritual counseling, psychotherapy practice, and emotional support.
- Submit a detailed reflection report summarizing key experiences and learnings.
- Participate in professional development and mentorship sessions in chaplaincy and psychotherapy.

This practicum allows students to apply theoretical knowledge in real-world settings, focused on providing holistic care in clinical chaplaincy and psychotherapy.

Capstone Project (15 Credit Hours)

The capstone project serves as a culminating experience, allowing students to apply clinical chaplaincy and psychotherapy in a final project.

Students will:

- Design a therapeutic care model integrating chaplaincy and psychotherapy for a faith-based institution or healthcare organization.
- Develop a comprehensive spiritual counseling plan for a mental health setting or clinical chaplaincy program.
- Analyze challenges in spiritual and mental health care and propose solutions.
- Present findings and recommendations through a formal report and presentation.

This experience ensures students graduate with practical expertise in chaplaincy, psychotherapy, and holistic patient care.

Program Outcomes

Graduates of this program will:

- Gain expertise in chaplaincy, psychotherapy, and spiritual care.
- Develop skills in crisis intervention, mental health counseling, and faith-based leadership.
- Apply spiritual counseling techniques and psychotherapeutic methods to address emotional and mental health challenges.
- Conduct research on integrating faith-based care with psychotherapy in clinical settings.
- Implement effective spiritual care strategies, ethical decision-making, and holistic healing practices in faith-based and healthcare environments.

Career Outcomes and Potential Pay Scale

Career Path	Average Salary (Annual)
Clinical Chaplain	\$50,000 - \$90,000
Healthcare Chaplain	\$55,000 - \$100,000
