Maquoketa Police Department Press Release Update

Yesterday, the Maquoketa Police Department was contacted by the Maquoketa Community School District regarding a possible threat made from one student to another over social media. The Maquoketa Police Department immediately began investigating the incident.

At this time, based on the information reviewed, the threat appears to have been isolated between two individuals. There is no indication of a broader threat to public safety or to the school community.

Out of an abundance of caution, the Maquoketa Police Department maintained an increased presence at Maquoketa High School today to ensure a safe and secure environment for students and staff.

The Maquoketa Police Department continues to work closely with the Maquoketa Community School District to monitor the situation and will provide updates as appropriate. We remain committed to the safety of our schools and appreciate the cooperation of students, staff, and families in reporting concerns promptly.
