Idea to get better...

Hi George,

I saw your video when you go grocery shopping,
And the video is great. It's personal and you are honest
It is most important that you show them that you are a real person.

But I couldn't help but notice that your Facebook page has very few followers,
And even fewer views,
But don't let that destroy your spirit. Because I created your Facebook page ready to go.

It's modern and It's not basic and old-schooled,
It's great and I hope you will like it, my friend.

Best Regards,

Joseph

Here is roughly the idea of the Facebook page:
