

Wings to Soar Online Academy Path to Success Personalized Learning Menu of Options for 2025-2026

(updated 4-30-25)

**We believe every student deserves a personalized education,
so we provide a menu of options to create just the right support for YOUR student.**

This [11 minute video provides a brief overview](#) of our approach and options available.

Your child's personalized learning plan may include small group classes, independent self-paced adaptive programs, 1-1s, and Virtual Study Hall.

Small group classes

5th-12th grade age students; 4-10 students per group; held on Zoom with teachers experienced working with students with dyslexia and other outside-the-box learners; Group classes run September 8-May 22

Subject	Programs	Who is this good for	Pricing Options			
			9 month	Semester	Monthly Installments	Summer
Group Class Registration Deposit	Each group class requires a non-refundable \$150 registration fee that covers curriculum fees for the curriculum used in this class and holds your spot in the class.	The group class registration fee is waived if you choose the full-pay option and pay by the due date.	Full-pay due by July 31 (or ASAP if after that date)	2 semester payments due July 31 (or ASAP if after that date) & Dec 15	9 monthly payments due on the 15th Aug 15-April 15	Full-pay Covers May 28-August 30
Just-Right Level Writing Intervention	45-60 minute weekly small group (8-10 students) interactive Zoom class (30 weeks) 4 days per week writing assignments ~45-60 minutes daily dyslexic pacing	Depending on writing sample placement level: Writing Intervention 1.0 Intro to the Writing Process OR	Choose 1-1 coaching frequency option			

	Choose weekly or 4x weekly 1-1 Writing Coaching (30 weeks)	Writing Intervention 2.0: The Writing Process and Paragraph Types OR Writing Intervention 2.5: Expanding Paragraphs to Essays OR Writing Intervention 3.0: Essays and Research				
	JRWI1: Weekly 30 minute 1-1 Writing Coaching (30 weeks)		\$2497	\$1297	\$297	
	JRWI2: 2x weekly 30 minute 1-1 Writing Coaching (30 weeks)		\$3797	\$1997	\$467	
	JRWI3: 4x weekly 30 minute 1-1 Writing Coaching (for level 1,0 and 2.0) (30 weeks)		\$6297	\$3297	\$767	
	JRWI4: 4x weekly 45 minute 1-1 Writing Coaching (for level 2.5 or 3.0) (30 weeks)		\$8077	\$4297	\$997	
Math Intervention Group Class	30 minutes M-F small group math instruction with 4-6 students working at a similar math level 30 minutes independent math homework time expected daily in DreamBox Math and/or Moby Max	M1: Foundations of Math 2nd-3rd grade skills for 4th-10th grade age M2: Basic Math 3rd-4th grade skills for 4th-10th grade age M3: Essentials of Math 5th-6th grade skills for 65h-11th grade age M4: Pre-Algebra M5: Algebra	\$2497	\$1297	\$297	
Science Group Class	--Wings to Soar Teacher-led/ graded class --Small group 5x weekly 60 minute Zoom class Our science teacher will guide students through a combination of programs with engaging videos of experiments demonstrating key concepts, interactives and simulations, and audio-supported reading, as well as class discussion and some live experiments.	This group would be appropriate for high school students (or a strong middle school student who has had at least one group writing or science class with Wings to Soar previously). Earth and Space Science	\$2,997	\$1,597	\$367	
	--Wings to Soar teacher-led/ graded class meets Monday-Thursday 45 minutes with Friday Office Hours support. Roughly 2 days per week will focus on engaging science exploration and 2 days will focus on becoming adept digital learners (tech, communication, and study skills). All assessment is project-based, no formal tests!	In Just Right Science , students will embark on an interactive and engaging scientific journey and become adept digital learners along the way. They will cultivate curiosity as they experiment their way through investigating how science themes connect to their own lives. This is designed for 4th-8th grade students.	\$2497	\$1297	\$297	
Integrated Liberal Studies	These series of courses use history as a core that we build work in study skills, note-taking, presentations, and writing around. Prerequisite is successful completion of at least Just-Right Writing 2.0 with readiness for at least level 2.5 or 3.0. Starts September 2	Ancients to Renaissance (2025-2026) Early US History in World Context (2026-2027) Modern US History in World Context (2027-2028) Non-Western History, Geography, & Cultures (2028-2029)	\$2,997	\$1,597	\$367	
Whole-Person Well-Being Personal Development Group Class	--Teacher-facilitated small group 2x weekly 35 minutes Zoom class --Assignments about 30-45 minutes daily between online lessons & life application --Family discussion encouraged (with digital e-book copy of Becoming the Me I Want My Teen to Be parallel parent version included)	We strongly recommend families include a whole-person well-being course in your student's plan at least 3 years from 7th-12th grade. Becoming the Me I Wanna Be (2025-2026) Life Purpose and Life Planning (2026-2027) Habits of Mind and Strengths of Character (2027-2028)	\$1297	\$697	\$167	

Independent, self-paced adaptive programs that meet your child at their Just-Right Level as slow as they need for mastery, yet as fast as they are ready so they can gain the skills and confidence to thrive; we typically see 1 ½-3 years skills gains when students use their personalized plan as we recommend for them

Subject	Programs	Who is this good for	Pricing Options			
			9 month	Semester	Monthly Installments	Summer
			Full-pay due by July 31 (or ASAP if after that date)	2 semester payments due July 31 (or ASAP if after that date) & Dec 15	9 monthly payments due on the 15th Aug 15-April 15	Full-pay Covers May 28-August 30
Brain Boost Breakthrough	BB1: Includes Fast ForWord (and then BrainWare SAFARI), plus a 30 minute monthly Success Coaching appointment 30 minutes daily protocol	Target underlying root causes of learning difficulty such memory, attention, processing speed, sequencing, auditory processing. Recommended for students who are significantly behind in reading despite previous intervention efforts or if the above cognitive skills, especially auditory processing are a significant concern.	\$1997	\$1097	\$247	\$797
Reading & Language Arts Personalized Path to Success (custom packages also available)	RLA1: More Intensive Intervention: 2 reading programs; - skill gap filling in MobyMax (foundational reading, phonics and spelling rules, language, sight words, comprehension, early writing as appropriate) 1-5 supplemental programs for vocabulary, spelling, visual tracking, or typing 75-120 minutes daily recommended usage (for 1 ½-3 years gains over year)	Dyslexics and students with other language-based learning challenges who need to fill in 1 ½-5 years+ skills in phonics, fluency, comprehension, spelling, language, and vocabulary.	\$1997	\$1097	\$247	\$697
	RLA2: Economy Light: 1 reading program; - skill gap filling in MobyMax (foundational reading, phonics and spelling rules, language, sight words, comprehension, early writing as appropriate) 1 supplemental program for vocabulary, spelling, visual tracking, or typing 30-60 minutes daily recommended usage	Student who is close to on target or needs to fill in up to 1 ½ years skills in phonics, fluency, comprehension, spelling, language, and vocabulary Neurotypical or mild dyslexia or are just using after school	\$1197	\$627	\$147	\$397
	RLA3: Reading Intervention only: Lexia and MindPlay-online adaptive intervention programs 30-60 minutes daily recommended usage	For students who need to focus on reading intervention	\$1197	\$627	\$147	\$397
Math Personalized Path to Success	Engaging, self-paced, adaptive online courses (DreamBox plus MobyMax) 30 minute daily Math Office Hours support, plus general Office Hours support (9-2 Central)	K-8th grade skills in an age-appropriate interface Highly visual with an emphasis on conceptual understanding	\$797	\$427	\$97	\$247

Acellus Math, Science, Social Studies, plus elective if desired	Acellus curriculum--short instructional videos with multiple-choice questions (Note the questions do NOT have audio support) May be enrolled in up to 7 simultaneous courses total in Acellus	Lots of video-based options for math, science, social studies, electives for struggling learners or on target Acellus course catalog Office Hours support included 9-2 Central (except for high school science and math) Could use for Reading and Language Arts if on target and not needing intervention/gap filling	\$697/ course for 9 months	\$367/ semester/ course	\$87/month/ course	\$247 (90 days)
Imagine Edgenuity Courseware	For any 6th-12th grade courses that we are not offering as group classes or if self-paced video-based courses would better serve your student. We support most courses via our Office Hours M-F 9-2, and an hour daily Office Hours with our Math Teacher for more advanced math.	6th-12th self-paced independent study in video-based courses See the full Imagine Edgenuity course catalog here.	\$797/ 2 semesters/ course	\$427/ semester/ course	\$97/ month/ course	\$247
	For advanced science, foreign language, and some specialized Career & Technical Education and electives, we partner with Edgenuity's subject-area licensed teachers, so you get that expertise.		\$997/ 2 semesters/ course	\$547/ semester/ course	\$127/month/ course	\$347
Moby Max Math, Social Studies and/or Science	Moby Max Social Studies, Science, and/or Math	K-8th	\$297/ 9 months/ subject	\$157/ semester/ subject	\$37/ month/ subject	\$97
Life Skills	This is a checklist for you to complete with your student over the 4 years of high school to help you be intentional about teaching important independent life skills. When they have completed this checklist and have most of the skills learned to an independent level your student will earn 1/2 to 1 elective credit (depending on time spent) for this course.	At Wings to Soar, we believe in whole-person well-being. One way we do that is by supporting you in helping your high school student to learn the life skills important to be an independent start-up adult.	\$247 per year we are monitoring student working in this			
Physical Education	Log at least 2 hours per week PE credit	We will provide ½ credit on the transcript for 60 hours of physical activity logged.	\$97			
Personal Elective	We encourage students to log time and brief summary of what they are learning in real-world areas of personal interest to create personalized electives that support their activities in their local community.	We will provide ½ credit on the transcript for 60 hours of personal elective logged.	\$97			

Included Teacher-monitored support:

- program access
- personalized work plan
- weekly usage report (most programs)
- parent dashboard access (most programs)
- folder of parent support resources for each program
- email support (response time typically 4-24 hours)
- Just-in-time Office Hours support via Zoom or TeacherView 9-2 Central

- coach checking for red flags in the programs each week and sending a quick Action Needed email with any concerns noted and an invitation to get 1-1 support during Office Hours
- detailed trimester progress reports, plus bonus report for new students at 6 weeks
- trimester 30 minute parent consult, plus bonus consult for new students at 6 weeks

Full disclosure: The Acellus courses you would take would be the same self-paced course whether you took the course through Wings to Soar or going directly to PowerHomeschool.org. Some people want their school course records all in one place and want our help with setting up the pacing and have the grade report on the term reports. We provide Office Hours support Monday-Friday 9-2 Central for many subjects. We have notes we can share for 20 of the courses. Wings to Soar does not have a team member who is able to provide support with many CTC and some electives at this time.

Additional support/tutoring options

Most students do better with the accountability provided by at least weekly Success Coaching and/or 2-4 hours daily Virtual Study Hall.

Support Option	Frequency Options	Description	Full-pay due by July 31 (or ASAP if after that date)	2 semester payments due July 31 & Dec 15	9 Monthly installments due on the 15th Aug 15-April 15	Full-pay 10 weeks summer

Watch this [5-minute video about what we believe at Wings to Soar](#).

This [11 minute video provides a brief overview](#) of our approach and options available.

Wings to Soar Online Academy's student-centered curriculum connects families around the globe with the best tools available to address the needs of students with dyslexia and other outside-the-box learners. We create individualized plans to best address each child's individual needs. By focusing on skills that are lagging, students' academic performance typically boosts 1.5 – 3 years+ within their first year alone!

Are you concerned your outside-the-box learner's recent educational experience lacked structure or support? After reviewing our offerings, parents can consult with us to determine which combination of coursework will best suit their child's needs. We combine a personalized program with seasoned and passionate academic teachers and coaches to give each child the best results.

This document outlines your options in detail so that parents can make the most informed decision for their child, outlining program descriptions and the underlying issues each one targets. Plans may include some combination of the following elements:

- Part-time to full-time enrollment with subjects ranging from Reading & Language Arts, Writing, Math, Science, Social Studies, Personal Development, and electives
- Independent exercises designed to keep students engaged that target their individual needs
- Experienced instructors who gauge students' progress and make routine adjustments
- "Dashboard" access so parents can follow their student's usage and progress
- Small group 1, 2, or 5 days per week Zoom classes (for some courses)
- Weekly to daily 1-1 options
- Virtual Study Hall
- Just-in-Time Office Hours Support

Please closely review the descriptions of our different education programs and the Menu appropriate to your child's age for pricing options. We would love to help you select the subject/combination of subjects and options most appropriate for your family's situation ranging from intervention only on up to fully supported full-enrollment options.

If you are considering full-enrollment, [click here to schedule an Introductory Path to Success Consult](#) with our Lead Success Coach to discuss which programs will be the best fit for your student.

Next Steps

Online Learning Fit Quiz

The first step is for the parent to fill out the parent [Online Learning Fit Quiz](#) (will take about 10-15 minutes).

Just-Right Level Academic Assessments

If you'd like your child to enroll with Wings to Soar the next step is to [purchase the student Just-Right Level Academic Placement Assessments](#). Within 1-3 business days, our team will set your child up in the online academic placement assessments you requested. Watch for an email with instructions and login information. These assessments will help us identify your child's skill gaps. We'll back down to their just-right level so they can be independently successful.

We lay out a plan to spread these assessments out over a week. Have your child do these assessments when they are fresh, alert, and able to give their best focus. Do NOT help, other than to encourage them to do their best. Your child is welcome to use the audio support provided. The assessments are adaptive. Your help will artificially move them into material that is too difficult.

2-Week Jump Start

When we send your child's academic assessment results, we'll invite you to sign up for our \$147 2-Week Jump Start. This will be a Path to Success Personalized Learning Plan for the independent parts of reading, language arts, and math skills created for your child based on:

- the information on your assessment request form
- the results of your child's assessment
- and any extra information you choose to share.

Our team will use your child's initial academic assessment results to create a Path to Success™ Personalized Learning Plan for whichever subjects you are interested in.

During your Getting Started week, we'll ease your child into their programs and start to get a taste of the core programs.

During the Ramp Up week, their plan will have them using all the independent components of Path to Success™ Personalized Learning Plan.

Enrollment

At the end of your Jump Start, we will send an invitation to fill out the enrollment registration form where you will indicate which package(s), which levels of support, and which payment option you are choosing. My bookkeeper will use that information to send an invoice with a link to pay if you choose an upfront payment for a longer chunk to take advantage of that savings or an auto-pay authorization form if you are choosing the monthly payment option.

Email support@wingstosoaronline.com with any questions.
