

# George Hutton - Alpha Male

**Dear Friend,**

Imagine this right now. You walk into your favorite place. Filled with men and women. As soon as you enter, the room changes. Before you walked in, the energy was bouncing like ping pong balls tornado.

Now it is focused. On you.

Without saying a word, you've suddenly become the focal point. The anchor to everybody's attention. All women want to be with you. All men want to be you.

Within a split second.

This is the power of alpha male energy. Everybody knows who's got it, and everybody knows who doesn't.

This ancient power has been on Earth for millions of years. As radiated through humans, it lets everybody know who's in charge. It's based on the raw truth that humans are social creatures.

Social creatures that follow ancient rules of organization and behavior. Rules of behavior that have made men the rulers of Earth, the conquerors of the domain.

All based on one simple but crucial principle that underpins all aspects of human life.

## Alpha Men Lead – All Others Follow

Many guys get this, but then they make a common error in thinking. They assume alpha traits are based on size, or physical domination, or wealth, or even looks.

All false.

The traits of an alpha have been with us before money was invented. Before language was invented. It is a deep set of subconscious signals, both sent and received, that lets everybody know.

## Who's Alpha And Who Isn't

When you radiate these subconscious signals, people will know. People will respond. Instantly. Subconsciously. Before you even open your mouth.

The more you interact with others, both men and women, the more they'll feel your energy. The more they'll respect and admire your presence. The more they'll automatically and unconsciously submit.

Then you'll realize the truth about most people.

## People WANT To Follow

You know this. You've seen this. Most people will only experience this from safely within the heard.

If you've ever been in a situation where something unexpected and dangerous happened, real or imagined, this is obvious. The first response of nearly everybody is to look around for a leader.

Seek a self confident man to give them safety. To let them know everything is all right. To let them know what to do, where to go, and how to get there.

Most people don't understand this. They seem to think an alpha is the biggest, meanest guy with a six gun and a trigger finger.

The guy who throws down in a club and beats his competition senseless.

The truth about a true alpha is people WANT to follow him. People WANT him around. People are glad he's there to take charge. To make the tough decisions. To make the right calls.

Men want to follow him. Women want to be with him.

With this course, you will be him.

This course is based on installing the unconscious behaviors and beliefs that will synergistically blend together and skyrocket your alpha male power.

You get a comprehensive listening guide, filled with enough background information to understand what attraction is, why it is that way, and crucially, how you can create it.

You'll get a criteria generator, which alone will put you miles ahead of 99% of guys out there. Most guys are seeking only to be accepted. Their only criteria is that she be pretty enough.

But with solid criteria, you'll have something most guys never will.

## The Sorter Mindset

When you look out into a crowd of gorgeous ladies, you'll be thinking one thought most never have the courage to think:

"Hmm. Which of these ladies will pass my filters?"

This alone will give you an edge. This alone will give you the experience of women trying to qualify themselves to you, rather than the other way around.

However, this is only a small part of the course. A powerful part, yes. But only a part.

The real meat of the course are the listening sessions. Powerful subliminal programming sessions designed to alter your energy on a deep level. To blast away all limitations and replace them with self sustaining-ideas about your own alpha power.

Eight hours of mind programming to blast away any last remnant your old beta male, and rewrite your entire core with pure alpha madness.
