

Agenda:

Objectives:

- Apply Hess' Matrix, Bloom's Taxonomy, and DOK charts to discipline specific standards
- Deconstruct standards to better understand success criteria
- Create a single point rubric using language from the standard

Slides

Time	Agenda Item
12:40	Welcome, Outcomes, Agreements
12:45	Introduction to the Rigor Frameworks - What is Rigor? What do you look for? Standards Sorting Activity - Analyze a few selected 6-8 standards- Which are least rigorous? Which are most rigorous? How can you tell? - Share out group process for sorting Examining Frameworks - Bloom's Taxonomy - DOK Levels - Hess' Matrices
1:15	Single Point Rubrics - What are they? - What does one look like? Drafting a Rubric - Time to start drafting a rubric based on a standard
1:55	Closing and Next Steps
