Other Promotions

You have other promotions to leverage at the online casino, and they include:

Tokenized Rakeback

As a crypto-friendly casino, Fairspin features a native token known as TFS. You can earn this token as rakeback whenever you wager, whether you win or lose.

There's no minimum wagering amount before you qualify, and Fairspin will credit the token to your wallet immediately. You can then join the Hold to Earn program to multiply your TFS.

Tournaments

You'll find some intriguing tournament games on the Fairspin website. These games vary occasionally, but there's a chance to win exciting prizes whenever you participate. You can visit the tournament section on the site from time to time to know which are available.

VIP Program

Loyal players at Fairspin Casino get rewarded with more TFS tokens. These tokens replace the comp points on most online casino VIP programs, and the more TFS you own, the higher your loyalty level. Fairspin sets 10 levels in the loyalty program, and the perks of joining include:

- Weekly cashback for levels 1 to 5
- Daily cash back for levels 6 to 10
- Higher staking limits in the Hold to Earn program

Notably, like the welcome pack bonuses, some VIP weekly cashback offers have a 60x wagering requirement.

Fairspin Casino Review	
Bonus Offer	4.9/5

Variety of Games	4.5/5
Cashout/withdrawal times	4.7/5
Customer Support	4.5/5
ECB Verdict: 4.8/5	The high value welcome pack at Fairspin Casino makes the gaming site enticing to players. Not to mention the vast collection of games and crypto and fiat payment methods. However, it'll be better if the casino lowers the wagering requirement for player's to withdraw their bonus winnings.
