

HIPAA Security Consultant

We, Interexy, specialize in mobile and web application development for tech startups and established enterprises in the US and Western Europe. Our projects are not tied to one area, so there is an opportunity to work with cool products in Fintech, Health, Social Media and Blockchain.

Now we are seeking an experienced **HIPAA Security Consultant** to join our team. As a HIPAA Compliance Specialist, you'll spearhead our compliance efforts, ensuring that our practices align seamlessly with HIPAA regulations. From conducting thorough audits to developing robust policies, your expertise will be instrumental in safeguarding patient data and maintaining trust with our clients.

Is this about you? Then let's get acquainted!

Location: Any location

Responsibilities:

- Conduct comprehensive audits and assessments to evaluate compliance with HIPAA standards;
- Collaborate cross-functionally to develop and implement effective strategies for HIPAA compliance;
- Implement policies and procedures to prevent, detect, contain, and correct breaches of ePHI;
- Conduct and chronicle risk assessments to cover every element of the Security Rule's Technical, Physical and Administrative Safeguards;
- Provide expert guidance and training to staff members on data security best practices;
- Responsibilities for conducting risk assessments and audits – especially with regard to Business Associates and other third parties;
- Design and maintain policies and procedures to ensure ongoing compliance with regulatory requirements;
- Serve as a trusted advisor, offering insights and recommendations to optimize security protocols and mitigate risks;

Requirements:

- Possession of a HIPAA-certified credential;
- Minimum of 4 years of experience in HIPAA compliance or a related field;
- Extensive knowledge of HIPAA regulations and healthcare data privacy laws;

- Proven track record in conducting audits and risk assessments within the healthcare sector;
- Strong communication skills with the ability to convey complex concepts clearly and effectively;
- Demonstrated ability to work autonomously and collaboratively in a dynamic environment;
- Proficiency in English at the C1 level is a must;

What we offer:

From the 1st working day:

- 12th month pay policy;
- online/offline literature compensation;
- B-day gifts;
- corporate events;
- cash benefits for significant events in life.

After passing the probation period (+ benefits from the 1st working day):

- medical insurance (including dental services);
- 25 vacation days;
- 3 days off;
- corporate English;
- compensation of educational courses online/offline;
- sports compensation;
- corporate gifts.
