

HHS Option - Provo (Female)- Ideally we are looking for a female client but open to all clients!

Mike and Mistie Nielsen (and crew) 44 and 43, Savannah (22- and rocking an extra chromosome), Thad (16), McKall (10) and Alee (7)

We are a family of eight, with 2 of our oldest kiddos currently serving missions for the Church of Jesus Christ of Latter Day saints. As a family we enjoy spending time together watching movies, exploring new places, meeting new people, hockey games, escape rooms, playing games, putting together puzzles, and really anything we can do together. Mike is a Project manager for a construction company and an electrician by trade but is handy with all tools and all projects.

Mistie is a stay at home mom who currently homeschools the two youngest girls and they, along with Savannah, enjoy learning and growing together. Thad works for discount tire and takes concurrent enrollment classes through BYU. He has high aspirations of flying fighter jets in the air force and is taking classes to attain that goal as well as being a member of the Civil Air Patrol.

We have 2 spoiled, but well behaved, dogs(Nala and Luke), as well as a cat (Oliver), a beta fish, and 2 chickens.

We have a room available for someone special to enjoy their own space. However, we're hoping they will enjoy being around our family and will choose to hang out with us in the main living area most of their down time, as that is where our family spends most of our spare time.

Our family is very drawn to the special needs community, obviously with our daughter Savannah, we have a deep connection with these amazing individuals. We have more love to give and would love to offer your client a loving, inclusive, and structured environment to thrive and grow.
