

March 20, 2025

Dear Wallingford Families,

We invite you to participate in our upcoming [Educational Specifications Community Forums](#), where you can share your comments on the Educational Specifications for the proposed One New Wallingford High School. Your input is essential in shaping a school that supports current and future student learning and meets the evolving needs of our students and community.

In addition, we have created a [building tour video](#) of Mark T. Sheehan and Lyman Hall High Schools to provide a closer look at our current facilities. These videos showcase the current learning environments and help inform discussions about potential improvements.

[Educational Specifications Community Forum Dates, Locations, and Times:](#)

- Wednesday, April 23, 2025, at Lyman Hall High School, 6:30 p.m. - 8:30 p.m
- Saturday, May 3, 2025, at Mark T. Sheehan High School, 10:00 a.m. - 12:00 p.m

Childcare will be available at both locations for those who register. Please click on the Community Forums link to register using the Google form, or [click here to register for Childcare](#).

We encourage all families to participate in these important conversations. If you cannot attend the Community Forums, please email your comments.

Thank you for your engagement and support!

Sincerely,

Danielle Bellizzi

Superintendent
