

Dear Taoiseach,

DO EVERYTHING YOU CAN TO GET FOOD AND WATER INTO GAZA IMMEDIATELY.

This is the directive issued by the Lemkin Institute for Genocide Prevention to every world leader. We, the Irish people, echo this demand and remind you that you are elected to enact the will of the people.

Bypass the meetings, the statements, the endless diplomatic performances that lead nowhere. Break the blockade. Deliver aid. Now. Every hour of delay is another child starved to death under your watch. We no longer ask, we implore. And we will hold you to account.

Gaza is enduring stage five famine. Stop speaking and acting as if this is merely a "conflict." Your most recent statement was a vapid display of cowardice, masking inaction with hollow sympathy.

This is a genocide. And under the Geneva Convention, Ireland - YOU - are legally obliged to act to prevent it. Your failure to act in support of the Palestinian people is murderous. Yet your actions, and those of your colleagues, in support of the Israeli perpetrators speak loudly.

We see Paschal Donohoe's secret phone call with Israeli officials, allegedly assuring them that Ireland would stall the Occupied Territories Bill.

We see the purchase of Israeli military drones, and the use of our airspace and airports for the transport of Israeli bombs to kill Palestinian people.

We see Fine Gael ministers taking meetings with arms industry lobbyists, voting against halting EU arms sales to Israel, and opposing efforts to block the sale of Israeli war bonds by the Central Bank.

We see your government refusing visas to Palestinian children invited to play GAA in Ireland. You and your colleagues - particularly in Fine Gael - have consistently acted to protect Israeli strategic and economic interests. We see your complicity.

This does not represent the will of the Irish people. It directly opposes it. We did not survive 800 years of occupation, genocide, and starvation to stand idle while it happens to another people. And we see you.

Know this: What looks like impunity now will soon be revealed for what it is; **the final unmasking of a global regime more depraved than any in living memory, and the local hands that upheld it.**

Gaza is being starved in real time. And you have done nothing to stop it. We will not be passive witnesses to genocide. It is the people, in our millions, who now see the extent of the decades of infiltration, blackmail, and control, funded by Zionist wealth embedded in the arteries of global capitalism.

The very powers we believed to be sovereign are compromised. The leaders we were told governed the world are puppets, entrapped through Israeli networks of corruption and sexual abuse.

This system will be dismantled. We will remember every leader who stood by - and every leader who chose to act. Our outrage runs seven generations deep into the past. Our grief runs seven generations forward into the future. This is our power. And it is moving us into action, into memory, into justice.

We see everything. And we will not forget. This genocidal order must end. Let Gaza live.

Ireland must stand with South Africa and Yemen in terms of meaningful action. Lead us back into our responsibility and our humanity.

With the full weight of history watching,
