

Getting Started with Distance Learning - Monday 3/30

Purpose, Learning Targets, and Grading Category

This is a non-graded assignment that will help you learn how learning chemistry will happen over the next several weeks and what to do to be successful. It includes information on how we will do daily routines such as attendance, lessons, and assignments. Relax - we'll ease into it.

Activity	Directions	Supplies
How this distance learning thing will work.	Read How This Distance Learning Thing Will Work . Message me in Schoology if you have questions.	<ul style="list-style-type: none">• Chromebook or smartphone
Daily Attendance Bell Ringer 1 point	<ol style="list-style-type: none">1. If you haven't done the Daily Attendance Bell Ringer yet go back to the Monday 3/30 Folder inside the red "Distance Learning" folder and take a "really Cymerman" selfie.2. Submit your photo using the Submit button on the right to be marked present for today.3. Do this right away if possible but no later than by 6pm today.4. This is how we will do attendance every day.	<ul style="list-style-type: none">• Chromebook or smartphone
Let's stay in touch	Go to the "Let's Stay In Touch" chat (At the top of the red "Distance Learning" folder) and write a short post about how you are doing. You can post there any time you want.	<ul style="list-style-type: none">• Chromebook or smartphone
