Read the given passage and answer the given questions.

There was one a proud elephant who always bullied smaller animals. He would go to the anthill near his home and spray water at the ants. The ants could not do anything because of their size. They always cried. The elephant just laughed and threatened the ants that he would crush them to death. One day, the ants had enough and decided to teach the elephant a lesson. They went straight into the elephant's trunk and started biting him. The elephant could only cry in pain. He realised his mistake and apologized to the ants and all the animals he bullied.
