

Dear Henning Families,

FOUR MORE DAYS until Winter Break! Next week is a busy week at Henning! We have a **Family Winter Event for Pre-K on Wednesday, December 20th**. Information is found in this newsletter. **On Thursday, December 21st the 2023 Talent Show and all-school sing-along begins at 9:00 a.m.**, classroom parties for K-5th will be held from 1:00 p.m. to 1:45 p.m., and we will have an early dismissal at 2:00 p.m. for grades K-5th and 1:45 p.m. dismissal for afternoon PreK. Check out this week's happenings and reminders:

Henning Super Star Students!

Congratulations to this week's Henning Super Stars! A Henning Super Star is a student who is caught going above and beyond each day by making good choices, being a good friend, and working hard. Teachers and staff nominate one student per grade level each week to receive this award. This week's Super Stars are **Layla Bednarz (1st)**, **Harrison Sharpmack (2nd)**, **Lucy Breuning (3rd)**, **Carly Lenglet (4th)**, and **Kyo Walker (5th)**.

Pledge of Allegiance and Joke of the Week:

Thank you to Henning 5th graders, **Logan Brokering, Natalie Dulaney, and Mason McCormick** in Mr. Hargett's class, for leading us in the Pledge of Allegiance this week. **Lilly Yank** from Ms. Grimmer's class told our funny joke of the week: **How do you help someone who has lost their Christmas spirit? You nurse them back to ELF! Bah! Ha! Ha!**

Candy Grams! Candy Grams! Get your Candy Grams!
Next Monday is the **LAST DAY** to send Candy Grams!

First Graders Go Caroling!

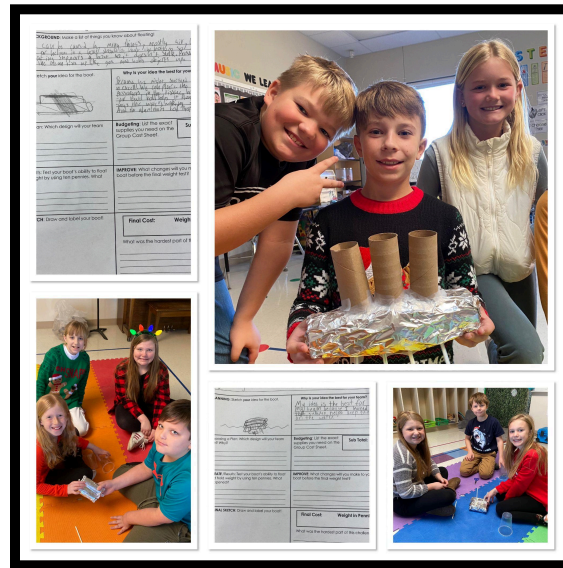

First grade students from **Mr. Schroeder's** music class took turns caroling around Henning this week! They were so excited and did a wonderful job! #TriadProud

Fourth Grade STEAM!

Students in 4th Grade are finishing up their STEAM workshops with **Mr. Schroeder** this quarter. In these workshops, students work on several concepts: Science, Technology, Engineering, Arts, and Math. In this last project, students had a lab experiment about buoyancy. Students worked on their lab sheets, and then they built boats out of recyclable material. They tested their hypotheses by adding "passengers" onto their boat in order to test the buoyancy of their designs.

Candy Cane Experiment!

In Science, **2nd grade students in Ms. Hoguet's/Ms. Keith's class** made predictions about how certain liquids would interact with candy canes. The candy was submerged in water, warm water and vinegar. #LearningIsFun

3rd-5th Playground Update!

Over the last year Henning School continues to fundraise to pay for additional playground equipment. **We recently received a very generous donation from the Yates and Hopkins families last month in the amount of \$22,000 from the Truck Centers and also just finished up our Mrs. Fields Cookie donation.** We continue to fundraise with shirt sales, candy grams and other upcoming events/opportunities we will have this year. Our phase 2 playground that we have ordered is pictured here and will be for our 3rd-5th grade playground. ***Thank you all who continue to support our school! #TriadTogether***
